Welcome from the Program Chairs

Welcome to the 49th Annual American Society of Ophthalmic Plastic and Reconstructive Surgery (ASOPRS) Fall Scientific Symposium: Focus on Forging the Future. We hope you gain useful updates in oculofacial plastic surgery, renew old friendships, meet new colleagues from around the world, and enjoy all that Chicago has to offer!

The program includes renowned national and international speakers in oculofacial plastic surgery. In addition to high quality scientific presentations in orbit, eyelid, lacrimal disease, oncology, and aesthetic surgery, expert panels will discuss the latest advancements and controversies in thyroid eye disease, treatment of invasive fungal sinusitis, pain management, practice management, and custom orbital implants.

The three breakout sessions on Thursday afternoon offer a variety of learning opportunities. “Practice Management” delves into the evolution of various practice models. “Facial Nerve Palsy” evaluates the latest treatments for this challenging condition, and “Pediatric Oculoplastic Surgery” features an international panel of experts who will share the latest concepts on congenital ptosis, lacrimal surgery, craniofacial disorders, and lymphatic malformations.

Our three featured speakers include Babak Azzizadeh, MD, FACS, a leading Beverly Hills facial Plastic Surgeon, who will discuss “Modified Selective Neurectomy for the Management of Post-Facial Paralysis Synkinesis” and “Reshaping Rhytidectomy.” Malin Malmjö, MD, PhD, who heads the ophthalmology program at Lund University in Sweden, will share her latest research in “Novel Imaging Techniques in Oculoplastic Surgery.” Andrew Lee, MD will highlight critical points in “Five Neuro-opthalmic Diagnoses the Oculoplastic Surgeon Cannot Afford to Miss” and “How to Spot the Wolf in Sheep’s Clothing in your Ptosis Clinic.” In addition, Kenneth Steinsapir, MD will give the Henry I. Baylis Cosmetic Surgery Award Lecture.

Don’t miss the posters and videos in the exhibit hall! The posters will change each day to cover a wide variety of topics. During the breaks there will be poster standby sessions to allow you to interact with the authors. Over 20 videos will be available at kiosks for viewing during the meeting.

Please make a point to visit our gracious sponsors and exhibitors as you peruse the posters. Visiting the vendor exhibits presents wonderful opportunities to learn about the latest commercial products and services and to make industry contacts to help your practice.

We acknowledge ASOPRS Secretary of Meetings, JD Perry, MD and the Industry Relations Committee, for the tremendous industry support and participation at the symposium.

We hope you enjoy this year’s program! We want to thank our colleagues who submitted their superb work and the Abstract Review Committee who appraised over three hundred high-quality submissions. We would also like to thank Tisha Kehn and Amanda Macrina for their outstanding efforts to produce such a wonderful meeting.

Our members and their support to our organization make ASOPRS what it is today. ASOPRS represents the standard in clinical care, education, and innovation in oculofacial plastic surgery, and that standard continues to advance. We are grateful to serve as your program chairs and look forward to seeing all of you at our meeting.
General Information

Symposium Objectives

• To provide a forum for presentation of new concepts, new data, and new techniques in cosmetic and reconstructive oculofacial plastic surgery to enhance knowledge, competence, and outcomes.
• To promote excellence in patient care and outcomes in all areas of cosmetic and reconstructive eyelid, lacrimal, and orbital disease and surgery.
• To present opportunities for exchange of knowledge with specialty experts and our colleagues.
• To highlight areas of oculofacial plastic and reconstructive surgery where research activity has produced improved outcomes and highlight areas where additional research is needed.
• To provide the results of scientific studies concerning new surgical techniques, devices or equipment in cosmetic and reconstructive oculofacial plastic surgery.

Continuing Medical Education
Continuing Medical Education information and Financial Disclosures can be found in the Scientific Symposium Syllabus.

Notice of Photography
By attending the ASOPRS 49th Annual Fall Scientific Symposium, you are entering an area where photographs will be taken and by entering the area, you consent to publication, exhibition, or reproduction of your image for promotional purposes, advertising, inclusion on websites, social media, or any other purpose by ASOPRS and its representatives. You release ASOPRS, its employees, and each and all persons involved from any liability connected with the taking of photographs and you waive all rights to any claims for payment or royalties in connection with any use of the photographs. You also waive any right to inspect or approve any photograph taken by ASOPRS or the person or entity designated to do so by ASOPRS. If you do not want your image used as stated above, please email us at info@asoprs.org.

Industry Disclaimer
Industry promotional opportunities, including but not limited to tradeshows, breakfasts and lunches, are provided for informational purposes. ASOPRS does not undertake to verify the claims of, or assess the products or services offered by, any company presenting during ASOPRS’ meetings, nor does ASOPRS’ receipt of a fee from, and provision of space to, such companies constitute an endorsement or recommendation by ASOPRS. Attendees must make their own independent judgments as to the advisability of entering into any business transaction.

Photography and Social Media Policy
ASOPRS’ policy for the use of photography and social media at the Scientific Symposium is intended to strike a balance between the needs of scientists, physicians and other health care professionals, patients and advocates for the latest oculoplastics information and the needs of presenters to protect their proprietary content from unauthorized use.

• Non-flash photography is allowed for personal, social or noncommercial use.
• Respect presenters who state they do not want their slides and/or content shared on social media.
• Attendees taking photos must do so in a non-disruptive manner so as not to disturb the presenter and other attendees.
• Slides with patient faces or other identifiable information cannot be shared on social media due to HIPAA regulations. Video recording, live audio and/or video streaming is strictly prohibited. Failure to comply with this policy may result in being removed from the session and/or meeting.

Cancellations
ASOPRS issued refunds, less a $50 administrative fee, upon receipt of written notice on or before September 25, 2018. No refunds will be made after this date. Refunds will not be made for no-shows.

Evaluations/CME
A link to an evaluation will be provided to attendees via email. You will have an opportunity to print a CME certificate once you have completed the evaluation. Your feedback is carefully considered when planning future meetings. Thank you in advance for helping ASOPRS improve our Scientific Symposium.

Education Disclaimer
Registrants for this symposium understand that medical and scientific knowledge is constantly evolving and that the views and techniques of the instructors are their own and may reflect innovations and opinions not universally shared. The views and techniques of the instructors are not necessarily those of ASOPRS but are presented in this forum to advance scientific and medical education. ASOPRS disclaims any and all liability arising out the information presented in this course. Registrants also understand that operating rooms and health care facilities present inherent dangers and as such they shall confirm to all proper medical practices and procedures for the treatment of patients for whom no medical history is available.
**Babak Azizzadeh, MD, FACS**

**Thursday, October 25**

8:55 am: **Modified Selective Neurectomy for the Management of Post-Facial Paralysis Synkinesis**

1:40 pm: **Reshaping Rhytidectomy**

Dr. Babak Azizzadeh is a facial plastic and reconstructive surgeon at Cedars-Sinai Medical Center. He is an associate clinical professor at the David Geffen School of Medicine at UCLA and Co-Director of the American Academy of Facial Plastic & Reconstructive Surgery Facial Plastic Surgery Fellowship Program. Dr. Azizzadeh is the Co-Director of the annual Cedars-Sinai Advances in Multispecialty Aesthetic and Reconstructive Plastic Surgery symposium and is a frequent presenter at national and international conferences.

**Malin Malmsjö, MD, PhD**

**Friday, October 26**

8:20 am: **Novel Imaging Techniques in Oculoplastic Surgery**

Malin Malmsjö, MD, PhD, is a professor and senior consultant oculoplastic surgeon at Skåne University Hospital, Sweden. She is Head of the Department of Ophthalmology at Lund University. Her primary expertise lies in investigating microvascular blood flow, which she has done in the fields of heart surgery, wound healing and plastic reconstructive surgery. She has written over 150 scientific publications and book chapters and is also the inventor and patent holder of award winning medical devices for protecting exposed organs during NPWT in open heart and vascular surgery. Her research in ophthalmology focuses on the development and application of novel non-invasive imaging techniques for tumor margin delineation and studying blood perfusion during reconstructive surgery. She has a research group of five post-docs and eight PhD students performing a combination of experimental research, at her laboratory at the Biomedical Center in Lund, and clinical research, at the University Hospital.

**Andrew G. Lee, MD**

**Friday, October 26**

11:10 am: **Five Neuro-ophthalmic Diagnoses the Oculoplastic Surgeon Cannot Afford to Miss**

1:55 pm: **How to Spot the Wolf in Sheep’s Clothing in Your Ptosis Clinic**

Andrew G. Lee, MD is Chair of the Department of Ophthalmology at the Jack S. Blanton Eye Institute of the Houston Methodist Hospital in the Texas Medical Center. He is Professor of Ophthalmology, Neurology, and Neurosurgery at Weill Cornell Medical College; Adjunct Professor of Ophthalmology at the University of Iowa and at Baylor College of Medicine; and Clinical Professor at the University of Texas Medical Branch in Galveston, Texas, the UT MD Anderson Cancer Center, and the University of Buffalo, SUNY.

He has published over 400 peer-reviewed publications, 40 book chapters, and nine full textbooks in ophthalmology. He has been the invited speaker at over 350 national and international eye meetings and has given 12 named lectureships. Dr. Lee has a special interest in graduate medical education and has received the resident teaching award seven times at five different academic institutions.

**DOWNLOAD THE MEETING APP**

1. From your phone’s App Store, download Expo Pass.
2. Create an account using the same email (required) you used to register for the Fall Meeting.
3. Verify your account by entering the 4-digit passcode sent to your email (check your junk email folder if it doesn’t appear in your inbox).
4. Once the code is entered, the ASOPRS Fall Meeting app will automatically load.

Use the app to:
- View a complete list of Sessions and Speakers
- Learn more about the Fall Meeting Exhibitors
- Plan for Breakfast and Lunch & Learns and Social Events

7 - 8 am  YASOPRS Eye Openers: Rapid Fire Cases and Presentations  Grand Ballroom

Presentations during this session are evaluated for the Bartley R. Frueh Award for Best YASOPRS Presentation, generously sponsored by the ASOPRS Foundation. Only presenters who meet the definition of YASOPRS (inducted member who has 8 years or less experience after graduation from an ASOPRS accredited fellowship, or alternatively, satisfies the Category II requirements of membership and has 8 years or less experience after fellowship graduation) and Fellows-in-Training in an ASOPRS-accredited fellowship are eligible for the award.

Moderators: Jill Melicher-Larson, MD and Behin Barahimi, MD

7 - 7:04 am  Evaluation of the Lacrimal Sac Using Ultrasound Biomicroscopy
Mai Takagi1,2, Masashi Mimura1,2, Tsunehiko Ikeda1, Bobby Korn1,5, Don Kikkawa1,5
1Department of Ophthalmology, Osaka Medical College, Osaka, Japan, 2Department of Ophthalmology, Kaiser Hospital, Osaka, Japan, 3Department of Ophthalmology, Kaiser Hospital, Osaka, Japan, 4UC San Diego Department of Ophthalmology, Division of Oculofacial Plastic and Reconstructive Surgery, La Jolla, California, United States of America, 5Division of Plastic Surgery, UC San Diego, La Jolla, California, United States of America

7:04 - 7:08 am  Lichenoid Dermatitis Erupting After Excision of Basal Cell Carcinoma
Sruti Akella, Anne Barmettler
Ophthalmology, Albert Einstein College of Medicine Montefiore Medical Center, Bronx, New York, United States of America

7:08 - 7:12 am  A Rare Case of Eyelid Sebaceous Cell Carcinoma Leading to a Diagnosis of Hereditary Non-Polyposis Colorectal Cancer
Suzanne van Landingham, Cat Burkat
Department of Ophthalmology and Visual Sciences, University of Wisconsin-Madison, Madison, Wisconsin, United States of America

7:12 - 7:16 am  Merkel Cell Carcinoma of the Eyelid after Solid Organ Transplantation
Victoria North1,2, Larissa Habibi1,2, Michael Yoon1,2
1Ophthalmic Plastic Surgery, Massachusetts Eye and Ear Infirmary, Boston, Massachusetts, United States of America, 2Department of Ophthalmology, Harvard Medical School, Boston, Massachusetts, United States of America

7:16 - 7:20 am  Refractory Follicular Conjunctival Lesions: Overlook As Just Inflammation or Not?
Ji-Hyun Kim1, Suk-Woo Yang1, Su-Kyung Jung2, Ji-Sun Paik1
1Ophthalmology, Seoul St. Mary's Hospital, College of Medicine of the Catholic University of Korea, Seoul, South Korea, 2Ophthalmology, Eye Clinic, Hospital, National Cancer Center, Gyeonggi-do, South Korea

7:20 - 7:24 am  Bilateral Poorly Differentiated Adenocarcinoma of the Lacrimal Gland Treated with Pembrolizumab
Ann Q. Tran, Catherine J. Choi, Zakeya M. Al-Sadah, Xiao Yi Zhou, Sander R. Dubovy, Bradford W. Lee
Bascom Palmer Eye Institute/University of Miami, Miami, Florida, United States of America

7:24 - 7:28 am  Non-Traumatic Cerebrospinal Fluid Blepharocoele: A Unique Report of Waxing and Waning Eyelid Edema
Daniel Rubinstein1, Leon Rafaillov1, Paul Langer1, James Liu2, Roger Turbin1
1Ophthalmology, Rutgers New Jersey Medical School, Newark, New Jersey, United States of America, 2Neurological Surgery, Rutgers New Jersey Medical School, Newark, New Jersey, United States of America

7:28 - 7:32 am  Potent Periorbital Fractionated CO2 Laser Resurfacing: Settings and Safety
Alison Huggins1, Marie Somogyi1, Jacqueline Smart1, Tanuj Nakra1
1TOC Eye and Face, Austin, Texas, United States of America, 2Undergraduate Program, University of Texas, Austin, Texas, United States of America

7:32 - 7:38 am  Lower Blepharoplasty with and without Fat Repositioning
Sathyadeepak Ramesh1,2, Robert Goldberg3, Allan Wulc3, Alan Brackup3
1Eye and Facial Plastic Surgery Consultants, LLC, Langhorne, Pennsylvania, United States of America, 2Division of Orbital and Ophthalmic Plastic Surgery, University of California, Los Angeles, Los Angeles, California, United States of America

7:38 - 7:42 am  Dimensions and Morphologic Variability of the Retro-Orbicularis Oculi and Frontalis Muscle Fat Pad
Salam Bachour1, Alexander Blandford2, Rachel Chen3, Lucy Xu3, Catherine Hwang2, Julian Perry2
1Lerner College of Medicine, Cleveland Clinic Foundation, Cleveland, Ohio, United States of America, 2Cole Eye Institute, Cleveland Clinic Foundation, Cleveland, Ohio, United States of America
### Program

**7:42 – 7:46 am**

**A Consecutive Five-Year Retrospective Review of Ablative Carbon Dioxide Laser Resurfacing of the Lower Eyelids: Patient Satisfaction and Management of Post-Operative Complications**

Jane S. Kim¹, Varsha Manjunath¹, Roshni Ranjit-Reeves¹, Julie A. Woodward¹-²

¹Department of Ophthalmology, Duke University, Durham, North Carolina, United States of America, ²Department of Dermatology, Duke University, Durham, North Carolina, United States of America

**7:46 – 8 am**

**Questions and Discussion**

---

### General Session

**8 am – 12 pm**

**Welcome**

Tamara R. Fountain, MD, ASOPRS President
Richard C. Allen, MD, PhD, FACS, ASOPRS Program Chair
Catherine J. Hwang, MD, ASOPRS Assistant Fall Meeting Program Chair

---

### EYELID SESSION

**Moderators: Christopher B. Chambers, MD and Andrea L. Kossler, MD**

**8:03 – 8:09 am**

**Increasing Utilization of Internal Blepharoptosis Repair and Endoscopic Dacryocystorhinostomy over External Approach among Medicare Patients from 2000-2015**

Paula Feng¹, Elizabeth Bradley²

¹Department of Ophthalmology and Visual Science, Yale School of Medicine, New Haven, Connecticut, United States of America, ²Department of Ophthalmology, Mayo Clinic, Rochester, Minnesota, United States of America

**8:09 – 8:15 am**

**The Role of Ocular Dominance in Frontalis Muscle Contraction**

Robert Beaulieu¹-², Kaden Andre¹, Ronald Mancini¹

¹University of Texas Southwestern Medical Center, Dallas, Texas, United States of America, ²Consultants in Ophthalmic and Facial Plastic Surgery, Detroit, Michigan, United States of America

**8:15 – 8:21 am**

**Blink Dynamics by High Speed Photography: Small Incision Levator Advancement Versus Müller’s Muscle Conjunctival Resection**

Andrew Ting, Paul Riske, Ezekiel Weis, Elysa McClintic, R. Patrick Yeatts

Raleigh Ophthalmology, Raleigh, North Carolina, United States of America

**8:21 – 8:27 am**

**Challenging the Current Treatment of Residual Postoperative Ptosis: Safety and Efficacy of Repeat Müller’s Muscle-Conjunctival Resection**

Bryce Radmall¹, Oludatoni Idowu², M. Reza Vaghei³, Keith Carter¹, Erin Shriver¹

¹Department of Ophthalmology and Visual Sciences, University of Iowa Hospitals and Clinics, Iowa City, Iowa, United States of America, ²Department of Ophthalmology, University of California San Francisco, San Francisco, California, United States of America

**8:27 – 8:33 am**

**Conjunctival Changes Following Müller’s Muscle Conjunctival Resection**

Robert Beaulieu¹-², Sagar Patel¹, Bret Evers¹, R. Nick Hogan¹-³, Ronald Mancini¹

¹Ophthalmology, University of Texas Southwestern Medical Center, Dallas, Texas, United States of America, ²Consultants in Ophthalmic and Facial Plastic Surgery, Detroit, Michigan, United States of America, ³Pathology, University of Texas Southwestern Medical Center, Dallas, Texas, United States of America

**8:33 – 8:39 am**

**New Evidence of Müller’s Muscle as a Sensory Proprioceptive Organ**

Daphna Prat¹, Amir Dori², Nir Gomel³, Ofira Zloto¹, Guy Ben Simon¹

¹Ophthalmology, The Goldshleger Eye Institute, Sheba Medical Center, Tel Hashomer, Israel, ²Neurology, Sheba Medical Center, Tel Hashomer, Israel

**8:39 – 8:50 am**

**Questions and Discussion**

---

### Featured Speaker: Babak Azizzadeh, MD, FACS

**8:50 – 8:55 am**

**Introduction of Dr. Azizzadeh**

Guy Massry, MD

---

**8:55 – 9:20 am**

**Modified Selective Neurectomy for the Management of Post-Facial Paralysis Synkinesis**

Babak Azizzadeh, MD, FACS

---

**9:20 – 9:30 am**

**Questions and Discussion**
ORBITAL INFLAMMATION/INFECTION PANEL WITH ABSTRACTS
Moderators: Mark Alford, MD and Pari N. Shams, MD

9:30 - 9:37 am Orbit-Sparing Treatment with Surgical Debridement in Invasive Rhino-Orbital Mucormycosis
Arthika Chandramohan, Katie Topping, Benjamin Erickson
Ophthalmology, Byers Eye Institute, Stanford University, Palo Alto, California, United States of America

9:37 - 9:44 am Patients’, Globe, and Vision Survivals in Rhino-Orbito-Cerebral Mucormycosis
Mohsen Kashkouli, Parya Abdolalizadeh, Mitra Oghazian, Yasaman Hadi, Nasser Karimi, Mahya Ghazizadeh
Eye Research Center, Rasoul Akram Hospital, Iran University of Medical Sciences, Tehran, Iran

9:44 - 9:51 am Retrobulbar Injection of Amphotericin B for Acute Invasive Fungal Rhino-Orbital Sinusitis
Davin C. Ashraf1, Oluwatobi O. Idowu1, Thomas S. Copperman1, Kristin E. Hirabayashi1, Evan Kalin-Hajdu2, M. Reza Vagefi1, Robert C. Kersten1
1Department of Ophthalmology, University of California, San Francisco, California, United States of America,
2Department of Ophthalmology, University of Montreal, Quebec, Canada

9:51 - 10 am Questions and Discussion

10 – 10:30 am Break with Exhibitors/Poster Stand-By and Videos
Continental Ballroom

THYROID EYE DISEASE PANEL WITH ABSTRACTS
Moderators: Jennifer A. Sivak-Callcott, MD and Michael Kazim, MD

10:30 - 10:36 am Predictive Factors of Pre-Operative Diplopia Resolution following Orbital Decompression for Thyroid Related Orbitopathy (TRO)
Lilangi Ediriwickrema1, Archana Nair2, Andrew Harrison3, Krista Stewart4, Michael Yen4, Michael Kazim5, Kyle Godfrey5, Peter Dolman5, Rohan Verma5, James Garrity5, Lawrence Eckel5, Mark Lucarelli6, Bobby Korn7,8,11, Don Kikkawa8,11, Clara Men12
1UC San Diego Department of Ophthalmology, Division of Oculofacial Plastic and Reconstructive Surgery, La Jolla, California, United States of America, 2UC San Diego Department of Ophthalmology, NYU Langone Health, New York City, New York, United States of America, 3Department of Ophthalmology and Visual Neurosciences and Otolaryngology, University of Minnesota, Minneapolis, Minnesota, United States of America, 4Baylor College of Medicine, Cullen Eye Institute, Houston, Texas, United States of America, 5Columbia University Department of Ophthalmology, Edward S. Harkness Eye Institute, New York City, New York, United States of America, 6Edward S. 10:48 – 10:54 am  
**Simultaneous Aesthetic Eyelid Surgery and Orbital Decompression for Rehabilitation of Thyroid Eye Disease**

Francesco Pietro Bernardini1, Martin Hector Devoto2

1Oculoplastica Bernardini, Genova, Italy, 2Consultores Oftalmologicos, Buenos Aires, Argentina

10:54 – 11 am  
**Simultaneous Orbital Decompression Surgery, Eyelid Surgery and Strabismus Surgery in Moderate to Severe Thyroid-Associated Orbitopathy**

Francesco Quaranta-Leoni1,2, Raffaello Romeo1, Sara Verrilli1, Antonella Leonardi1

1Orbital and Adnexal Service, Villa Tiberia Hospital - GVM Care & Research, Roma, Italy, 2Oftalmoplastica Roma, Roma, Italy, 3ENT Department, Villa Tiberia Hospital - GVM Care & Research, Roma, Italy, 4Orbital and Adnexal Service, Villa Tiberia Hospital - GVM Care & Reserach, Roma, Italy

11 – 11:06 am  
**Natural Course of Upper Eyelid Retraction in Thyroid Eye Disease**

Stephanie Young1, Yoon-Duck Kim2, Dong Cheol Lee3, Kyung In Woo4

1Ophthalmology, National University Hospital, Singapore, Singapore, 2Ophthalmology, Samsung Medical Center, Sungkyunkwan University School of Medicine, Seoul, South Korea, 3Ophthalmology, Dongsan Medical Center, Keimyung University School of Medicine, Daegu, South Korea

11:06 – 11:13 am  
**Supraorbital Neuralgia and Thyroid Eye Disease**

Charles N.S. Soparkar, MD, PhD, FACS

Plastic Eye Surgery Associates, PLLC, Houston, Texas, United States of America

11:13 – 11:20 am  
**Efficacy and Safety of Intravenous Methylprednisolone for Active Thyroid Eye Disease – An 8-Year Southeast Asian Centre Experience with Comparison of 3 Different Protocols**

Rian Mariel Angelou Parulan1, Stephanie Young Ming1, Gangadhara Sundar1,2

1Dept of Ophthalmology, Orbit & Oculofacial Surgery, National University Hospital, Singapore, Singapore, 2National University of Singapore, Singapore

11:20 – 11:25 am  
**Tocilizumab for Active Thyroid Eye Disease Resistant to Intravenous Steroids and Radiotherapy**

Katie Topping1,2, Benjamin Erickson1, Andrea Kossler1

1Ophthalmology, Stanford University, Palo Alto, California, United States of America, 2United States Navy, San Diego, California, United States of America

11:25 – 11:37 am  
**Teprotumumab in TED: Diplopia Outcome Analysis**

Raymond Douglas1, Megan Francis-Sedlak2, Robert Holt2

1Department of Surgery, Cedars-Sinai Medical Center, Los Angeles, California, United States of America, 2Horizon Pharma, Lake Forest, Illinois, United States of America

11:37 – 11:50 am  
**What Is the Evidence for Medical Treatment of Thyroid Eye Disease?**

Diego Strianese, MD

King Khaled Eye Specialist Hospital, Riyadh, Kingdom of Saudi Arabia

11:50 am – 12 pm  
**Questions and Discussion**
Lunch Options (Non-CME)

12 – 1 pm  
**LUNCH AND LEARN**  
Waldorf Room  
The Science of Innovation: Introducing Restylane® Lyft For Hands  
Presented by Galderma (Non-CME)

12 – 1 pm  
**MINI LUNCH AND LEARN**  
Stevens Salon B  
Best Practices in Tax Reduction, Benefit Planning and Asset Protection for Oculoplastic Surgeons  
Presented by OJM Group (Non-CME)

12 – 1 pm  
**YASOPRS Lunch Session**  
Marquette Room  
How to Write a Journal Article: Insights from Journal Editors (Non-CME)  
Moderators: David B. Samimi, MD and Andrea L. Kossler, MD  
Ethical Considerations  
Jonathan J. Dutton, MD, PhD, Editor in Chief, OPRS  
Writing the Manuscript  
Julian D. Perry, MD, Executive Editor, AJO  
What Happens after Submission?  
Suzanne K. Freitag, MD, Editor in Chief, Orbit

1 – 3:15 pm  
**General Session**  
Grand Ballroom  
AESTHETICS PANEL WITH ABSTRACTS  
Moderators: Martin H. Devoto, MD and Jill A. Foster, MD, FACS

1 - 1:06 pm  
Biplanar Hyaluronic Acid Filler Injections to the Temple and Lateral Brow Continuum  
John Fezza  
Center for Sight, Sarasota, Florida, United States of America

1:06 – 1:12 pm  
Does One Really Need to Aspirate When Doing Filler?  
Robert Schwarz1, Richard Torbeck2  
1Ophthalmology Div Oculofacial Plastic Surgery, Mount Sinai Hospital ICAHN School of Medicine, New York, New York, United States of America, 2Dermatology, Mount Sinai Hospital ICAHN School of Medicine, New York, New York, United States of America

1:12 – 1:18 pm  
Refining Facelift Results: A Modified Approach to Improving Jowls  
Bhupendra C. K. Patel  
Division of Facial Cosmetic & Reconstructive Surgery, Moran Eye Center, University of Utah, Salt Lake City, Utah, United States of America

1:18 – 1:24 pm  
Transconjunctival Blepharoaplasty with Adjunctive Canthal Suspension: An Analysis of Outcomes  
Amy Patel1, Raymond Douglas2, Guy Massry3  
1Ophthalmology & Surgery, Cedars Sinai Medical Center, Los Angeles, California, United States of America, 2Ophthalmology & Surgery, Raymond Douglas MD Inc & Cedars Sinai Medical Center, Los Angeles, California, United States of America, 3Ophthalmology & Surgery, Guy G. Massry, MD Inc. & Cedars Sinai Medical Center, Los Angeles, California, United States of America

1:24 – 1:30 pm  
Superior Sulcus Rejuvenation in the Asian Eyelid – The “Bottoms-Up” Technique  
Sathyadeepak Ramesh1,2, Robert Goldberg  
1Eye and Facial Plastic Consultants, LLC, Langhorne, Pennsylvania, United States of America, 2Division of Orbital and Ophthalmic Plastic Surgery, University of California, Los Angeles, Los Angeles, California, United States of America

1:30 – 1:40 pm  
Questions and Discussion  
**Featured Speaker:** Babak Azizzadeh, MD, FACS

1:40 – 2:10 pm  
Reshaping Rhytidectomy  
Babak Azizzadeh, MD, FACS

2:10 – 2:20 pm  
Questions and Discussion
PAIN MANAGEMENT
Moderators: Gary J. Lelli, MD and Steven M. Couch, MD

2:20 – 2:26 pm Opioid Use after Oculofacial Plastic Surgery
Priscilla Vu¹, Jeffrey Yu¹, Emily Charlson¹, Seanna Grob², Jeremiah Tao²
¹University of California, Irvine, Irvine, California, United States of America, ²Oculoplastic and Reconstructive Surgery, University of California, Irvine, Irvine, California, United States of America

2:26 – 2:32 pm Intravenous Ketorolac in Ptosis Repair
Edward Wladis¹,², Arup De³, Valerie Chen¹, Kate Dennett⁴
¹Ophthalmic Plastic Surgery, Department of Ophthalmology, Lions Eye Institute, Albany Medical College, Albany, New York, United States of America, ²Albany Medical College, Division of Otolaryngology, Department of Surgery, Albany, New York, United States of America, ³Anesthesiology, Albany Medical College, Albany, New York, United States of America, ⁴Ophthalmology, Albany Medical College, Albany, New York, United States of America

2:32 – 2:38 pm A Systematic Review of Methods for Reducing Local Anesthetic Injection Pain among Patients Undergoing Periocular Surgery
Mišo Gostimir¹, Ahsen Hussain²
¹Ivey Eye Institute, Western University, London, Ontario, Canada, ²Department of Ophthalmology and Visual Sciences, Dalhousie University, Halifax, Nova Scotia, Canada

2:38 – 2:45 pm Questions and Discussion

2:45 – 3:15 pm Break with Exhibitors/Poster Stand-By and Videos Continental Ballroom

BREAKOUT SESSIONS

NEW THIS YEAR! Breakout Sessions will be video recorded and the recordings will be made available to attendees post meeting.

Breakout #1: Practice Management Grand Ballroom (General Session Room)
Chair: Catherine J. Hwang, MD
Faculty: Brett S. Kotlus, MD; Tanuj Nakra, MD; Jeffrey A. Nerad, MD, FACS; John B. Holds, MD; and Michael Kazim, MD

Introduction Panel 3:15 – 3:20 pm

Starting a Solo Cosmetic Private Practice: Things I Wish I Knew
3:20 – 3:30 pm Brett S. Kotlus, MD
3:30 – 3:40 pm Questions from Audience

Mid-Career Transitions: How I Changed my Practice
3:40 – 3:50 pm John B. Holds, MD (University → Solo Private Practice)
3:50 – 4 pm Jeffrey A. Nerad, MD, FACS (University → Group Multispecialty Private Practice)
4 – 4:10 pm Questions from Audience

How to Break the Shackles of Managed Care
4:10 – 4:20 pm Michael Kazim, MD
4:20 – 4:30 pm Questions from Audience

Going Green: Tips on How to Increase Cash Business
4:30 – 4:40 pm Tanuj Nakra, MD
4:40 – 4:50 pm Questions from Audience

Final Remarks: 5 Pearls for Maximizing your Practice
4:50 – 5:15 pm All Panelists

Adjourn 5:15 pm
### Breakout #2: Facial Nerve Palsy with Abstracts

**Waldorf Room**

**Chair:** Aaron Fay, MD  
**Faculty:** Babak Azizzadeh, MD; Jacqueline Diels, OT; Raymond S. Douglas, MD, PhD; Mark J. Lucarelli, MD, FACS; Guy G. Massry, MD; and Michael T. Yen, MD

Breakout #3: Pediatric Oculoplastic Surgery with Abstracts

Williford Room

Chair: William R. Katowitz, MD
Faculty: Francesco Pietro Bernardini, MD; Kenneth V. Cahill, MD; Christopher B. Chambers, MD; Angela M. Dolmetsch, MD; James A. Katowitz, MD; Douglas P. Marx, MD; John D. Ng MD, MS, FACS; and Erin M. Shriver, MD

Congenital Ptosis Session

3:15 - 3:22 pm  Timing of Congenital Ptosis Surgery
Erin M. Shriver, MD

3:22 - 3:30 pm  Treatment of Unilateral Congenital Ptosis
Francesco Pietro Bernardini, MD

3:30 - 3:35 pm  Müller’s Muscle-Conjunctival Resection Combined with Tarsectomy in the Treatment of Congenital Ptosis
Inbal Gazit1, Lior Or1, Cat N. Burkat2, Morris E. Hartstein1
1Department of Ophthalmology, Assaf Harofeh Medical Center, Faculty of Medicine, Tel Aviv University, Zerifin, Israel, 2Oculoplastic, Orbital, & Cosmetic Facial Surgery Department of Ophthalmology & Visual Sciences, University of Wisconsin - Madison, Wisconsin, United States of America

3:35 – 3:40 pm  Histological Findings of Levator Muscle in Unilateral Congenital Ptosis
Francesco Quaranta-Leoni1,2, Stefano Nardoni3, Sara Verrilli1, Antonella Leonardid
1Villa Tiberia Hospital - GVM Care & Research, Orbital and Adnexal Service, Roma, Italy, 2Oftalmoplastica Roma, Roma, Italy, 3Department of Pathology, Ospedale San Filippo Neri, Roma, Italy

3:40 – 3:45 pm  Orbital Septum Fibrosis in Congenital Ptosis Correlates with Eyelid Function: A Clinico-Pathologic Study
Curtis Heisel1, Amer Heider2, Krista Stewart3, Alon Kahana3
1University of Michigan Medical School, Ann Arbor, Michigan, United States of America, 2Pathology, University of Michigan, Ann Arbor, Michigan, United States of America, 3Ophthalmology and Visual Sciences, Kellogg Eye Center, University of Michigan, Ann Arbor, Michigan, United States of America

3:45 – 3:55 pm  Panel Discussion

Sling Materials

3:55 – 4:05 pm  Craniofacial Collaboration - What Do We Need to Know in These Cases?
James A. Katowitz, MD

Lacrimal Session

4:05 – 4:10 pm  Treatment of Dacryocystocele
Douglas P. Marx, MD

4:10 – 4:17 pm  Pediatric Endo-DCR and Endoscopic Probing and Intubation
Angela M. Dometsch, MD

4:17 – 4:25 pm  Timing of Jones Tube and DCR
Christopher B. Chambers, MD

4:25 – 4:30 pm  A Pre-Loaded Device for the Insertion of Monocanalicular Stents in the Management of Congenital Nasolacrimal Obstruction
William Katowitz1,2, Bruno Fayet3, Jean-Marc Ruban4, Emmanuel Racy3, Dominique Bremond-Gignac5, James Katowitz1,2

4:30 – 4:35 pm  Panel Discussion

Stent Preferences

4:35 – 4:45 pm  Microphthalmos: Preferences in Treatment
John D. Ng, MD, MS, FACS

4:45 – 4:55 pm  Lymphatic Malformations: Update
Kenneth V. Cahill, MD
Program

Thursday – Friday

Breakout #3 – continued

4:55 - 5:05 pm  
**Approach to Plexiform Neurofibromas - Timing, Debulking, Ptosis Repair**  
William R. Katowitz, MD

5:05 - 5:15 pm  
**Panel Discussion**

5:15 pm  
**Adjourn**

5:15 - 6:30 pm  
ASOPRS Reception (ticketed event)  
Normandie Lounge (Registration Area)

6:30 – 7:30 pm  
YASOPRS Reception (by invitation only)  
Astoria

A Young ASOPRS (YASOPRS) is an official ASOPRS member who has 8 years or less experience after graduation from an ASOPRS accredited fellowship, or alternatively, satisfies the Category II requirements of membership and has 8 years or less experience after fellowship graduation.

Friday, October 26, 2018

7 – 8 am  
**MINI BREAKFAST AND LEARN**  
Stevens Salon B

**Sulfated Glycosaminoglycans: Master Regulators of Skin Health**  
Presented by SENTÈ (Non-CME)

7 – 8 am  
**YASOPRS Eye Openers:**  
Grand Ballroom

**Rapid Fire Cases and Presentations**

Presentations during this session are evaluated for the Bartley R. Frueh Award for Best YASOPRS Presentation, generously sponsored by the ASOPRS Foundation. Only presenters who meet the definition of YASOPRS (inducted member who has 8 years or less experience after graduation from an ASOPRS accredited fellowship, or alternatively, satisfies the Category II requirements of membership and has 8 years or less experience after fellowship graduation) and Fellows-in-Training in an ASOPRS-accredited fellowship are eligible for the award.

**Moderators: Anne Barmettler, MD and James Chelnis, MD**

7 – 7:04 am  
**Concurrent Injuries in Pediatric Orbital Fractures**  
Adam Weber, Gina Mahatma, Michael Yen  
Baylor College of Medicine, Houston, Texas, United States of America

7:04 – 7:08 am  
**Characterization of Periocular Dog Bites Over 10 Years At an Adult and Pediatric Level-1 Trauma Center**  
Nina Farivari¹, H. Russell Day², Heather Tamez³, Behin Barahimi, Louise Mawn, Eric Brown, Rachel Sobel  
¹Ophthalmology, Vanderbilt University Medical Center, Nashville, Tennessee, United States of America, ²Vanderbilt University School of Medicine, Nashville, Tennessee, United States of America

7:08 – 7:12 am  
**Ophthalmic Changes in Patients With Hemifacial Atrophy (Parry-Romberg Syndrome)**  
Adam Sweeney, Christopher Chambers, Shu-Hong Chang  
Department of Ophthalmology, University of Washington, Seattle, Washington, United States of America

7:12 – 7:16 am  
**Characterization of Pediatric Optic Nerve Glioma with Next Generation Sequencing Analysis and Multiplex Immunofluorescence**  
Ashley A. Campbell¹, Robyn Gartrell³, Andrew T. Turk⁴, George J. Zanazzi⁵, Mahesh Mansukhani⁵, Andrew M. Silverman²,  
David Shan¹, Thomas D. Hart¹, Yvonne M. Saenger¹, Peter D. Canoll¹, James H. Garvin³, Michael Kazim³  
¹Wilmer Eye Institute, Johns Hopkins University School of Medicine, Baltimore, Maryland, United States of America, ²Department of Pediatrics - Division of Pediatric Hematology/Oncology/Stem Cell Transplant, Columbia University Irving Medical Center, New York, New York, United States of America, ³Department of Pathology & Cell Biology, Columbia University Irving Medical Center, New York, New York, United States of America, ⁴Columbia University, Columbia College, New York, New York, United States of America, ⁵Columbia College, Columbia University, New York, New York, United States of America, ⁶Department of Medicine - Division of Hematology/Oncology, Columbia University Irving Medical Center, New York, New York, United States of America, ⁷Department of Ophthalmology - Division of Ophthalmic Plastic and Reconstructive, and Orbital Surgery, Columbia University Irving Medical Center, New York, New York, United States of America
Program Friday

YASOPRS Eye Openers – continued

7:16 - 7:20 am Orbital Hemorrhagic Necrosis, Globe Rupture, and Death from Intraorbital Injection of 1% Sodium Deoxycholate in a Murine Model
Bradydrome Lee, Nathan Blessing, Wensi Tao, Jugchawin Kanokkantapong, Daniel Pelaez
Bascom Palmer Eye Institute, Division of Oculofacial Plastic and Reconstructive Surgery, Palm Beach Gardens, Florida, United States of America

7:20 - 7:24 am Optic Nerve Sheath Fenestration for Treatment of Retrolaminar Silicone Oil Migration
Yao Wang1, Collin McClendon1, Michael Lee1, Andrew Harrison1, Christina Ryu2, Ali Mokhtarzadeh1
1 Ophthalmology, University of Minnesota, Minneapolis, Minnesota, United States of America, 2 Ophthalmology, Veterans Affairs Medical Center, Minneapolis, Minnesota, United States of America

7:24 - 7:28 am The Cocaine Orbitopathy Triad
Leon Rafailov1, Daniel Rubinstein1, Neena Mirani2, Roger E. Turbin1, Paul D. Langer1
1 Institute of Ophthalmology and Visual Science, Rutgers New Jersey Medical School, Newark, New Jersey, United States of America

7:28 - 7:32 am Lacrimal Gland Botulinum Toxin Injection for Tearing of Various Etiologies: Experience in 60 Patients
Arpine Barsegian, Roman Shinder
Ophthalmology, SUNY Downstate Medical Center, Brooklyn, New York, United States of America

7:32 - 7:36 am Prevalence and Clinical Features of Orbital Vascular Anomalies in Children
Laura A. Torrado Corbian1, Gregory J. Griepentrog2, Brian G. Mohney1
1 Department of Ophthalmology, Mayo Clinic, Rochester, Minnesota, United States of America, 2 Section of Orbit and Oculoplastic Surgery, Department of Ophthalmology & Visual Sciences, Medical College of Wisconsin, Milwaukee, Wisconsin, United States of America

7:36 - 7:40 am Quantified Orbital Fat Atrophy in Late Post-Traumatic Enophthalmos: Volumetric Analysis of Unoperated Orbital Fractures
Liza Cohen1,2, Larissa Habib1,2, Michael Yoon1,2
1 Ophthamic Plastic Surgery, Massachusetts Eye and Ear Infirmary, Boston, Massachusetts, United States of America, 2 Department of Ophthalmology, Harvard Medical School, Boston, Massachusetts, United States of America

7:40 - 7:44 am Bicanalicular Silicone Intubation for the Management of Punctal Stenosis and Obstruction in Patients With Allergic Conjunctivitis
Adel Alsuhaibani, Naif Al-Sulaiman
Ophthalmology, King Saud University, Riyadh, Saudi Arabia

7:44 - 8 am Questions and Discussion

8 am - 12 pm General Session

8 - 8:03 am Welcome
Tamara R. Fountain, MD, ASOPRS President
Richard C. Allen, MD, PhD, FACS, ASOPRS Program Chair
Catherine J. Hwang, MD, ASOPRS Assistant Fall Meeting Program Chair

ASOPRS Foundation Update

8:03 - 8:10 am ASOPRS Foundation Update
Jan W. Kronish, MD, Chair, ASOPRS Foundation Board of Trustees

8:10 - 8:15 am ASOPRS Foundation Lecture Dedication to Mark R. Levine, MD
Allen M. Puterman, MD

Michael J. Hawes Lecture: Malin Malmsjö, MD, PhD

8:15 - 8:20 am Introduction of ASOPRS Foundation Michael J. Hawes Lecturer: Malin Malmsjö, MD, PhD
Richard C. Allen, MD, PhD, FACS

8:20 - 8:40 am Novel Imaging Techniques in Oculoplastic Surgery
Malin Malmsjö, MD, PhD

8:40 - 8:45 am Questions and Discussion
Program Friday

**EYELID ABSTRACTS**
Moderators: Sara Tullis Wester, MD and Dan Georgescu, MD, PhD

8:45 – 8:51 am  **Clinical Outcomes of Minimally Invasive Corneal Neurotization**  
Ilya Leyngold¹, Michael Yen², Gargi Vora¹, James Tian¹, Mark Leyngold³, Christopher Weller⁴  
¹Ophthalmology, Duke University School of Medicine, Durham, North Carolina, United States of America, ²Cullen Eye Institute, Baylor College of Medicine, Houston, Texas, United States of America, ³Duke University School of Medicine, Durham, North Carolina, United States of America, ⁴Surgery, University of Florida College of Medicine, Gainesville, Florida, United States of America, ⁵Ophthalmology, Penn State Health Milton S. Hershey Medical Center, Hershey, Pennsylvania, United States of America

8:51 – 8:57 am  **Effects of Collagen Crosslinking on Porcine and Human Tarsal Plate**  
Sarah W. DeParis¹, Angela Zhu¹, Shoumyo Majumdar², Jennifer Elisseff², Albert S. Jun¹, Nicholas R. Mahoney¹  
¹Department of Ophthalmology, Wilmer Eye Institute/Johns Hopkins Hospital, Baltimore, Maryland, United States of America, ²Department of Ophthalmology and Department of Biomedical Engineering, Wilmer Eye Institute/Johns Hopkins Hospital, Baltimore, Maryland, United States of America

8:57 – 9:03 am  **Biomechanical and Morphologic Assessment After Collagen Cross Linking of Human Tarsus**  
Shoaib Ugradar¹, Umar Rehman¹, Joseph Park², Alan Le³, Robert Goldberg¹, Daniel Rootman¹  
¹Oculoplastics, UCLA, Los Angeles, California, United States of America, ²Biomedical Science, UCLA, Los Angeles, California, United States of America

9:03 – 9:09 am  **The Hatchet Flap: Where Have You Been All My Career?**  
Philip Custer, Robi Maamari  
Department of Ophthalmology and Visual Sciences, Washington University in St. Louis, St. Louis, Missouri, United States of America

9:09 – 9:15 am  **Utility of Non-Contact Infrared Meibography in the Diagnosis of Eyelid Margin Lesions**  
Ricardo Couso, Michael J. Schatz, César A. Briceño  
Ophthalmology, Scheie Eye Institute, University of Pennsylvania, Philadelphia, Pennsylvania, United States of America

9:15 – 9:25 am  **Questions and Discussion**

**CUSTOM IMPLANTS: HAS THEIR TIME COME?**
Moderators: Paul D. Langer, MD, FACS; Raymond I. Cho, MD, FACS; and Michael P. Grant, MD, PhD

Christopher Lo¹, Ebby Elahi²  
¹Orbital and Ophthalmic Plastic Surgery, UCLA Doheny and Stein Eye Institute, Santa Monica, California, United States of America, ²Ophthalmic Plastic and Reconstructive Surgery, New York Eye and Ear Infirmary of Mount Sinai, New York, New York, United States of America

9:31 – 9:37 am  **Custom Made Implants for Orbital Blowout Fracture Repair**  
Daphna Prat, Nir Gomel, Ofirat Zloto, Guy Ben Simon  
Ophthalmology, Goldschelger Eye Institute, Sheba Medical Center, Tel Hashomer, Israel

9:37 – 9:43 am  **Patient Specific Implants for Orbital Reconstruction**  
Larissa Habib, Michael Yoon  
Massachusetts Eye and Ear Infirmary, Boston, Massachusetts, United States of America

9:43 – 9:49 am  **3D-Printing for Surgical Instrument and Orbital Moulds (3SIOM) for Orbital Fracture Repair**  
Kelvin Kam Lung Chong¹², Elvis Chui³, Ringo Cheung³  
¹Department of Ophthalmology and Visual Sciences, The Chinese University of Hong Kong, Hong Kong, ²Department of Ophthalmology and Visual Sciences, Prince of Wales Hospital, Hong Kong, Hong Kong, ³Department of Orthopaedics and Traumatology, The Chinese University of Hong Kong, Hong Kong

9:49 – 9:55 am  **Customized Orbital Wall Reconstruction Using 3-Dimensional Printing in Patients with Blowout Orbital Fracture**  
Ho-Seok Sa¹², Sunah Kang¹, Chan Joo Ahn¹, Namkug Kim¹, Bita Esmaeli¹  
¹Ophthalmology, Asan Medical Center, University of Ulsan College of Medicine, Seoul, South Korea, ²Orbital Oncology and Ophthalmic Plastic Surgery, The University of Texas MD Anderson Cancer Center, Houston, Texas, United States of America, ³Radiology, Asan Medical Center, University of Ulsan College of Medicine, Seoul, South Korea

9:55 – 10 am  **Questions and Discussion**

10 – 10:30 am  **Break with Exhibitors/Poster Stand-By and Videos**  
Continental Ballroom
ANOPHTHALMIC SOCKET/TRAUMA ABSTRACTS

Moderators: David R. Jordan, MD and Erin M. Shriver, MD

10:30 – 10:36 am
Experimental Research on Blast-Induced Ocular Trauma: Methodologies Are Too Heterogeneous
Robert A. Mazzoli, MD, FACS1,2,3, Daniel Bryden, PhD4, Frank La Piana, MD4, James Karesh, MD, FACS4, Jo Ann Egan, BSN, MS1, Karan Mathur4
1Madigan Army Medical Center, DoD-VA Vision Center of Excellence, Tacoma, Washington, United States of America, 2Department of Surgery (Ophthalmology), Uniformed Services University of the Health Sciences, Bethesda, Maryland, United States of America, 3Department of Ophthalmology, Madigan Army Medical Center, Tacoma, Washington, United States of America, 4Walter Reed National Military Medical Center, DoD-VA Vision Center of Excellence, Bethesda, Maryland, United States of America

10:36 – 10:42 am
Quality of Life Comparison of Exenterated Versus Non-Exenterated Patients with Sinonasal and Craniofacial Malignancies
Michele Markovitz1, Chandala Chitguppi2, Alexander Graff, Michael Topf3, Megan Falls1, Marc Rosen3, Joseph Curry4, Mindy Rabinowitz2, Michael Rabinowitz5
1Wills Eye Hospital, Philadelphia, Pennsylvania, United States of America, 2Department of Otolaryngology–Head and Neck Surgery, Thomas Jefferson University, Philadelphia, Pennsylvania, United States of America, 3Sidney Kimmel Medical College at Thomas Jefferson University, Philadelphia, Pennsylvania, United States of America, 4Thomas Jefferson University, Department of Otolaryngology–Head and Neck Surgery, Philadelphia, Pennsylvania, United States of America, 5Department of Oculo Plastic and Orbital Surgery, Wills Eye Hospital, Philadelphia, Pennsylvania, United States of America

10:42 – 10:46 am
Smoking an Independent Risk Factor for Implant Exposure Following Enucleation
Austin Gerber1,2, Madison Dufl1, Christopher Compton1, William Nunery1,2, H.B. Harold Lee1, Jeremy Clark1
1Ophthalmology, University of Louisville, Louisville, Kentucky, United States of America, 2Oculofacial Plastic and Orbital Surgery, Indianapolis, Indiana, United States of America

10:46 – 10:50 am
Medical Comorbidities and Orbital Implant Extrusion
Larissa Habib, Suzanne Freitag, Michael Yoon, Daniel Lefebvre, Nahyoung Grace Lee
Massachusetts Eye and Ear Infirmary, Boston, Massachusetts, United States of America

10:50 – 10:55 am
Early Quality-of-Life Benefit and Pain Reduction in Patients Undergoing Eye Removal: A Patient Survey
Elizabeth Chiang1, Courtney Kauh2, Jasmina Bajric1, Mark J. Lucarelli2, Cat Burkett1, Gregory J. Griepentrog1
1Section of Orbit and Oculoplastic Surgery, Department of Ophthalmology & Visual Sciences, Medical College of Wisconsin, Milwaukee, Wisconsin, United States of America, 2Section of Oculoplastics, Facial Cosmetic, and Orbital Surgery, Department of Ophthalmology and Visual Sciences, University of Wisconsin-Madison, Madison, Wisconsin, United States of America

10:55 – 11 am
A Digital Ocular Prosthesis with Wireless Transmission of Real-Time Pupil Tracking
Emily Sarah Charlson1, Zonglin Guo2, Ian Harris2, Jeremiah Tao1
1University of California, Irvine, Gavin Herbert Eye Institute, Irvine, California, United States of America, 2University of California Irvine, Donald Bren School of Information and Computer Sciences, Irvine, California, United States of America

11 – 11:05 am
Questions and Discussion

Featured Speaker: Andrew G. Lee, MD

11:05 – 11:10 am
Introduction of Dr. Lee
Keith Carter, MD

11:10 – 11:30 am
Five Neuro-Ophthalmic Diagnoses the Oculoplastic Surgeon Cannot Afford to Miss
Andrew G. Lee, MD
**AESTHETIC ABSTRACTS**  
*Moderators: Holly Chang, MD, FACS, and Rao Chundury, MD, MBA*

11:30 - 11:36 am  
**Doxycycline Injection for Sclerotherapy of Malar Edema and Lower Eyelid Festoons, Preliminary Results**  
Kyle Godfrey1,2,3, Peter Kally1, Kristen Dunbar1, Ashley Campbell1,2, Alison Callahan1,2, Christopher Lo4,1, Robert Freund7, Richard Lisman1,2  
1Department of Ophthalmology, New York University Langone Medical Center, New York, New York, United States of America, 2Department of Ophthalmology, Manhattan Eye, Ear, and Throat Hospital, New York, New York, United States, 3United States of America, 4Department of Ophthalmology, Columbia University Vagelos College of Physicians and Surgeons, New York, New York, United States of America, 5Department of Ophthalmology, The Wilmer Eye Institute, Johns Hopkins University School of Medicine, Baltimore, Maryland, United States of America, 6Department of Ophthalmology, Tufts Medical Center, Boston, Massachusetts, United States of America, 7Department of Ophthalmology, UCLA Doheny and Stein Eye Institute, Los Angeles, California, United States of America, 8Lenox Hill Hospital, Department of Surgery, Division of Plastic Surgery, New York, New York, United States of America

11:36 – 11:42 am  
**Reduction in Post Operative Cicatricial and Hypertrophic Changes in Upper Eyelid Incisions with the Use of Scar Cream Consisting of Highly Selective Growth Factors within a Silicone Cream Matrix**  
Christopher Zoumalan1,2, Robin Kikuchi1  
1Private Practice, Zoumalan MD, Beverly Hills, California, United States of America, 2Department of Ophthalmology, Keck School of Medicine of USC, Los Angeles, California, United States of America

11:42 – 11:48 am  
**Melanin and Erythema Values Pre- and Post-Operatively After Bilateral Transconjunctival Lower Lid Blepharoplasty With Lower Lid Ablative CO₂ Laser Skin Resurfacing**  
Roshni Ranjit-Reeves1, Atalie C. Thompson2, Julie Ann Woodward1  
1Oculoplastics, Duke Eye Center, Durham, North Carolina, United States of America, 2Duke Eye Center, Durham, North Carolina, United States of America

11:48 – 11:54 am  
**Plasma Exeresis in the Management of Various Oculoplastic Conditions**  
Altug Cetinkaya  
Dunyagaz Ankara Hastanesi, Ankara, Turkey

11:54 am – 12 pm  
**Questions and Discussion**

### Lunch Options (Non-CME)

**12 - 1 pm**  
**LUNCH AND LEARN**  
Tax Reduction, Lawsuit Prevention & License Protection  
Presented by Legally Mine (Non-CME)  
*Williford Room*

**12 - 1 pm**  
**LUNCH AND LEARN**  
Rediscover the Power of RADIESSE®  
Presented by Merz (Non-CME)  
*Waldorf Room*

**12 - 1 pm**  
**MINI LUNCH AND LEARN**  
There May be More to Advanced BCC than Meets the Eye  
Presented by Genentech (Non-CME)  
*Stevens Salon B*

**12 - 1 pm**  
**YASOPRS Roundtables**  
The Roundtables are very popular and space is limited. First come, first served for seats and lunches; plan to arrive early to ensure you get a seat!  
*Normandie Lounge (Registration Area)*

- **Table 1: How to Start your own Practice**

12 – 1 pm  
General Attendee Lunch  
Stevens Salon B  

1 – 5 pm  
General Session  
Grand Ballroom  

ONCOLOGY ABSTRACTS  
Moderators: Louise A. Mawn, MD and Suzanne K. Freitag, MD  

1 – 1:06 pm  
Orbital Apex Cavernous Hemangiomas with Optic Neuropathy – Treatment with Multisession Gamma Knife Radiosurgery  
Stephanie Young1, Yoon-Duck Kim2, Kyung Hwan Kim3, Stephanie Lang4, Ji Woong Park5, Kyung In Woo2, Jung-II Lee6  
1Ophthalmology, National University Hospital Singapore, Singapore, 2Ophthalmology, Samsung Medical Center, Sungkyunkwan University School of Medicine, Seoul, South Korea, 3Neurosurgery, Samsung Medical Center, Seoul, South Korea, 4Clinical Audit, Singapore National Eye Centre, Singapore, 5Ophthalmology, Samsung Medical Center, Seoul, South Korea, 6Samsung Medical Center, Sungkyunkwan University School of Medicine, Seoul, Neurosurgery, Seoul, South Korea  

1:06 – 1:12 pm  
Histopathologic Observations of Eyes in Exenterated Orbits after Neoadjuvant Intra-Arterial Cytoreductive Chemotherapy for Adenoid Cystic Carcinoma of the Lacrimal Gland  
Sophie Liao1, Benjamin Erickson2, Neha Shah3, David Tse4  
1Ophthalmology, University of Colorado School of Medicine, Aurora, Colorado, United States of America, 2Ophthalmology, Stanford University, Pala Alto, California, United States of America, 3Miami, Florida, United States of America, 4Ophthalmology, University of Miami Miller School of Medicine, Miami, Florida, United States of America  

1:12 – 1:18 pm  
The Potential Use of AZD4547 Fibroblast Growth Factor Receptor-1 Inhibitor in Lacrimal Gland Adenoid Cystic Carcinoma  
Ann Q. Tran, Ravi Doddapaneni, Wensi Tao, Catherine J. Choi, David Tse, Daniel Pelaez  
Bascom Palmer Eye Institute/University of Miami, Miami, Florida, United States of America  

1:18 – 1:24 pm  
Local Control Outcomes After Surgery and Frozen Section Margin Control in 99 Patients with Eyelid Sebaceous Carcinoma  
Ho-Seok Sa1,2, Maria Laura Rubin3, Jing Ning4, Shiqiong Xu5, Oded Sagiv1, Sudip Thakar1, Bita Esmaeli1  
1Orbital Oncology and Ophthalmic Plastic Surgery, Department of Plastic Surgery, The University of Texas MD Anderson Cancer Center, Houston, Texas, United States of America, 2Ophthalmology, Asan Medical Center, University of Ulsan College of Medicine, Seoul, South Korea, 3Biostatistics, The University of Texas MD Anderson Cancer Center, Houston, Texas, United States of America  

1:24 – 1:30 pm  
Immunological Profile of Sebaceous Carcinoma  
Randy C. Bowen1, Nicole Jody1,2, Brendan Lawson1,2, Heather Potter1, Mark Lucarelli1  
1Department of Ophthalmology and Visual Sciences, University of Wisconsin, Madison, Wisconsin, United States of America, 2McPherson Eye Research Institute, Madison, Wisconsin, United States of America  

1:30 – 1:45 pm  
Now You See It, Now You Don’t: Interim Analysis from the VISORB Clinical Trial for Periocular Basal Cell Carcinoma  
Alon Kahana, MD  
Ophthalmology and Visual Sciences, Kellogg Eye Center, University of Michigan, Ann Arbor, Michigan, United States of America  

1:45 – 1:55 pm  
Questions and Discussion  
Featured Speaker: Andrew G. Lee, MD  

1:55 – 2:15 pm  
How to Spot the Wolf in Sheep’s Clothing in Your Ptosis Clinic  
Andrew G. Lee, MD  
2:15 – 2:25 pm  
Questions and Discussion
PRACTICE MANAGEMENT SESSION
Moderators: Mark L. Mazow, MD and Andrew R. Harrison, MD

Paula Feng1, Tamara Fountain2
1Department of Ophthalmology and Visual Science, Yale School of Medicine, New Haven, Connecticut, United States of America, 2Department of Ophthalmology, Rush University Medical Center, Chicago, Illinois, United States of America

2:30 - 2:35 pm  Digital Identities of ASOPRS Surgeons: An Analysis of Reputation Management and Content Control
Jamie Schaefer1, Tudor Crihalmeanu2, Aric Clegg1, Arpan Prabhu1, Lauren Gioia4, Aaron Fay5, Evan Madill, John Nguyen6
1West Virginia University, Morgantown, West Virginia, United States of America, 2WVU Medicine, Morgantown, West Virginia, United States of America, 3University of Pittsburgh, Pittsburgh, Pennsylvania, United States of America, 4Ophthalmology, West Virginia University, Morgantown, West Virginia, United States of America, 5Harvard Medical School, Boston, Massachusetts, United States of America, 6Ophthalmology & Otolaryngology, West Virginia University, Morgantown, West Virginia, United States of America

2:35 - 2:40 pm  Influence of Social Media in an Oculoplastic Surgery Practice
Marie Somogyi, Alison Huggins, Emily Bratton, Sean Blaydon, Tanuj Nakra, Vikram Durairaj, John Shore
TOC Eye and Face, Austin, Texas, United States of America

2:40 - 2:55 pm  Aesthetic Oculoplastic Surgery: Reality, Perception & Change
Guy G. Massry, MD
Beverly Hills Ophthalmic Plastic Surgery, Beverly Hills, CA, United States of America

2:55 - 3:10 pm  Questions and Discussion

3:10 - 3:40 pm  Break with Exhibitors/Poster Stand-By and Videos
Continental Ballroom

Henry I. Baylis Cosmetic Surgery Award Lecture

3:40 - 3:45 pm  Introduction of the Henry I. Baylis Award Lecturer: Kenneth D. Steinsapir, MD
Robert A. Goldberg, MD, FACS

3:45 - 4:10 pm  Lash Envy: Do Prostaglandin Analogue Eyelash Growth Products Harm Our Patients?
Kenneth D. Steinsapir, MD

4:10 - 4:20 pm  Questions and Discussion

4:20 pm  Henry I. Baylis Award Presentation
Robert A. Goldberg, MD, FACS

ASOPRS Thesis Session

4:21 - 4:22 pm  Marvin H. Quickert Thesis Award Candidate Presentations Introduction
Hui Bae Harold Lee, MD, FACS, Thesis Committee Chair

4:22 - 4:26 pm  Physical, Psychological, and Social Recovery After Enucleation
Sarah Jacobs1,2, J. Michael Bostwick1, Todd Cranmore3, Christopher Chambers2, Shu-Hong Chang2, A.J. Amadi1, Kristin Tarbet1, James Orcutt1
1Department of Ophthalmology, University of Alabama Birmingham, Birmingham, Alabama, United States of America, 2Department of Ophthalmology, University of Washington, Seattle, Washington, United States of America, 3Department of Psychiatry, Mayo Clinic, Rochester, Minnesota, United States of America, 4Erickson Labs Northwest, Kirkland, Washington, United States of America, 5Department of Ophthalmology (emeritus), University of Washington, Seattle, Washington, United States of America, 6Kristin J. Tarbet Oculofacial Plastic Surgery, Bellevue, Washington, United States of America

4:26 - 4:30 pm  Tumor Necrosis Factor Inhibition in the Acute Management of Traumatic Optic Neuropathy
Brian Tse, Galina Dvoriantchikova, Wensi Tao, Daniel Pelaez, David Tse
Ophthalmology, University of Miami, Miami, Florida, United States of America
Program Friday

ASOPRS Thesis Session – continued

4:30 – 4:34 pm  Surgical Timing for Congenital Ptosis Should not Be Determined Solely by the Presence of Anisometropia  
Smith Ann Chisholm, Deborah Costakos, Gerald Harris  
Ophthalmology, Medical College of Wisconsin, Milwaukee, Wisconsin, United States of America

4:34 pm  Marvin H. Quickert Thesis Award Presentation  
Presented by Hui Bae Harold Lee, MD, FACS, Thesis Committee Chair

ASOPRS Awards Session

4:35 pm  Introduction – ASOPRS Awards Presentations  
Raymond S. Douglas, MD, PhD, Awards Committee Chair

Robert H. Kennedy Presidential Award  – Gerald J. Harris, MD, FACS  
Presented by Tamara R. Fountain, MD, ASOPRS President

Bartley R. Frueh Award for Best YASOPRS Presentation  
Presented by the ASOPRS Foundation Board of Trustees

Lester T. Jones Surgical Anatomy Award  – Roger A. Dailey, MD, FACS

Merrill Reeh Pathology Award  – Edward J. Wladis, MD, FACS

ASOPRS Research Award  – Irina Belinsky, MD; Ann P. Murchison, MD, MPH; James J. Evans, MD; David W. Andrews, MD; Christopher J. Farrell, MD; James P. Casey, MD; Mark T. Curtis, MD, PhD; Kamila A. Nowak Choi, MD; Maria Werner-Wasik, MD; and Jurij R. Bilyk, MD

Wendell Hughes Lecture Award  – Don O. Kikkawa, MD, FACS

5 pm  Adjourn

5 – 6 pm  ASOPRS Business Meeting & Grand Ballroom
International Associate New Member Inductions  
(All members are invited and encouraged to attend the Business Meeting)
Marvin H. Quickert Thesis Award

The Marvin H. Quickert Thesis Award is an honorary award given for the most outstanding thesis chosen from those submitted by candidates seeking membership in ASOPRS during the current year.

The recipient of this year’s Marvin H. Quickert Thesis Award will be announced during the Thesis Session on Friday, October 26, 2018, 4:34 pm.

The candidates for this year’s Marvin H. Quickert Award are:

Sarah Jacobs, MD for the paper “Physical, Psychological, and Social Recovery After Enucleation”

Smith Ann Chisholm, MD for the paper “Surgical Timing for Congenital Ptosis Should Not be Determined Solely by the Presence of Anisometropia”

Henry I. Baylis Cosmetic Surgery Award

The Henry I. Baylis Cosmetic Surgery Award is given to an individual for longstanding contributions in the field of cosmetic surgery. The recipient of this award presents the Henry I. Baylis Lecture at the Fall Scientific Symposium.

The recipient of this year’s Henry I. Baylis Cosmetic Surgery Award is Kenneth D. Steinsapir, MD. The award will be presented after presentation of the Henry I. Baylis Lecture on Friday, October 26, 2018, at 3:45 pm: Lash Envy: Do Prostaglandin Analogue Eyelash Growth Products Harm Our Patients?

Kenneth D. Steinsapir, MD

Kenneth Steinsapir is the son of Leon Steinsapir, MD, an internist who practiced in Sacramento, California. Janet, his mother worked as a healthcare facilities evaluator for the State of California. Dr. Steinsapir attended the UCLA School of Medicine, interned at the Harbor UCLA Medical Center, and completed a Residency in Ophthalmology at The University of Chicago. This included 6 months on Allen Putterman’s service. Prior to a clinical fellowship in oculoplastic surgery, he did a two-year research fellowship in neuroscience, investigating the effects of high dose steroids on optic nerve trauma. This work with Robert Goldberg, MD established that high dose steroids were not helpful in the treatment of traumatic optic neuropathy and most likely they were toxic. He completed an ASOPRS fellowship with Norman Shorr, Henry Baylis, and Robert Goldberg at the Jules Stein Eye Institute. Dr. Steinsapir continued to expand his clinical skill set with an additional two years of fellowship in Cosmetic Surgery and is a diplomate of the American Board of Cosmetic Surgery.

Upon completion of training, he entered private practice in Beverly Hills. He also serves as an Associate Clinical Professor at the Stein Eye Institute and as an Attending Surgeon at Los Angeles County Harbor UCLA Medical Center in Torrance, California where he is attending UCLA ophthalmology residents and oculoplastic fellows.

Dr. Steinsapir has contributed over 50 peer reviewed papers and 8 book chapters. He serves as a peer reviewer for 7 scientific journals and is a contributing editor for Dermatologic Surgery. He holds a United States Patent for the Microdroplet Lift, a cosmetic botulinum toxin method patent. He has developed innovate approaches for repairing eyelids following both lower and upper eyelid surgery.

He is married to Faith Gomberg and has a 16-year old daughter Samantha. He is an avid hiker, landscape photographer, and canyoneer.

The Bartley R. Frueh Award for Best YASOPRS Presentation

Named in memory of ASOPRS Past President, Dr. Bartley Frueh, the ASOPRS Foundation will award the Bartley R. Frueh Award for Best YASOPRS Presentation to two presentations (one from each morning’s session) from the YASOPRS Eye Openers: Rapid Fire Case Presentations Sessions. Thank you to the ASOPRS Foundation for their support of these awards.

The recipients of the Bartley R. Frueh Award for Best YASOPRS Presentation will be announced during the Awards Session on Friday, October 26, 2018.

A Young ASOPRS (YASOPRS) is an official ASOPRS member who has 8 years or less experience after graduation from an ASOPRS accredited fellowship, or alternatively, satisfies the Category II membership requirements and has 8 years or less experience after fellowship graduation. Fellows-in-Training in an ASOPRS-accredited fellowship are also invited to participate in the Rapid Fire Cases and Presentations.
Awards

Wendell Hughes Lecture Award

The Wendell Hughes Lecture Award is given to an individual, selected by the ASOPRS Wendell Hughes Committee, who delivers the prestigious named lecture in honor of Dr. Hughes, ASOPRS Inaugural President. An annual tradition since 1970, the lecture is delivered at the joint ASOPRS-AAO Symposium during the American Academy of Ophthalmology meeting each Fall.

The recipient of this year’s Wendell Hughes Lecture Award is Don O. Kikkawa, MD, FACS. The award will be presented to Dr. Kikkawa after delivery of the Wendell Hughes Lecture, titled The Evolution and Revolution of Oculofacial Plastic Surgery, on Sunday, October 28, 2018, at 4:48 pm, McCormick Place, Grand Ballroom S100C.

Dr. Don Kikkawa is Professor and Chief of the Division of Ophthalmic Plastic and Reconstructive Surgery, and Vice Chairman at the UC San Diego Department of Ophthalmology and Shiley Eye Institute in La Jolla. He also holds a joint appointment as Professor in the UC San Diego Division of Plastic Surgery. He is a past President of the American Society of Ophthalmic Plastic and Reconstructive Surgery and presently serves on the Board of Trustees for the ASOPRS Foundation, the Editorial Board of Ophthalmic Plastic and Reconstructive Surgery and is a Board Director for the American Board of Ophthalmology. He is currently fellowship director of the UC San Diego ASOPRS Oculofacial Plastic Surgery Fellowship and is a former program director of UC San Diego’s Ophthalmology Residency Program.

Lester T. Jones Surgical Anatomy Award

The Lester T. Jones Surgical Anatomy Award is given to an individual who has made an outstanding contribution to ophthalmic plastic and reconstructive surgery. The first award in 1974 was awarded to Marvin H. Quickert, MD, for his application of anatomy to surgical approaches.

The recipient of this year’s Lester T. Jones Surgical Anatomy Award is Roger A. Dailey, MD, FACS.

Dr. Dailey is board-certified and completed his oculofacial plastic surgery fellowship training in 1987 and 1988. His practice is restricted to oculofacial plastic & cosmetic surgery. He is a fellow and former President of the American Society of Ophthalmic Plastic and Reconstructive Surgeons (ASOPRS), and a member of the ASOPRS Advisory Board. He is also a fellow of the American Academy of Cosmetic Surgery and the International Society of Cosmetic Laser Surgeons. Dr. Dailey holds the prestigious Lester T. Jones Endowed Chair of Oculofacial Plastic Surgery at the Oregon Health & Sciences University’s Casey Eye Institute and is the director of the Casey Aesthetic Facial Plastic Surgery Center and the ASOPRS-sponsored fellowship there. He has authored or co-authored over 80 medical journal articles, more than 20 medical textbook chapters, and a surgical atlas published in 2004. He has given more than 150 presentations at medical meetings in the United States and abroad and has been listed in the Best Doctors in America since 1994.

Dr. Dailey graduated from Moorhead High School in Moorhead, Minnesota and attended Concordia College where he graduated suma cum laude in 1978. He obtained his Doctor of Medicine degree in May of 1982 from the Mayo Clinic Medical School. Following a 12-month internship in Denver, Colorado, he completed an Ophthalmology residency at Oregon Health & Sciences University in 1986. In 1987 and 1988, he completed an Oculofacial Plastic Surgery fellowship in Portland, Oregon. From 1988 – 1990, he was in private practice in Seattle, Washington before being recruited back to Portland in 1990 to do Oculofacial Plastic Surgery full-time when the Casey Eye Institute and Casey Facial Aesthetic Surgery Center were opened.

Dr. Dailey’s research interests include endoscopic facial and lacrimal surgery, cosmetic botox and fillers, laser resurfacing and chemical peels, various face lifting/rejuvenation procedures, Jones tubes for tearing, Thyroid Eye Disease (TED) and grafting materials. He was involved in post market research of Kybella, the only injectable treatment for submental fat (double chin) and is one of six principal investigators in the US conducting an international prospective study involving the treatment of thyroid eye disease with Teprotumumab (Phase III trial).

Dr. Dailey is also the recipient of the Robert Kennedy Presidential Award, the Orkan G. Stasior Leadership Award and the ASOPRS Research Award.
Awards

ASOPRS Research Award

The ASOPRS Research Award is given annually to an ASOPRS member(s) or candidate(s) for membership who submits the most outstanding paper describing original research conducted in the field. Only papers submitted to *Ophthalmic Plastic and Reconstructive Surgery*, the official journal of the Society, are considered.

The recipients of this year’s ASOPRS Research Award are Irina Belinsky, MD; Ann P. Murchison, MD, MPH; James J. Evans, MD; David W. Andrews, MD; Christopher J. Farrell, MD; James P. Casey, MD; Mark T. Curtis, MD, PhD; Kamila A. Nowak Choi, MD; Maria Werner-Wasik, MD; and Jurij R. Bilyk, MD for the paper: “Spheno-Orbital Meningiomas: An Analysis Based on World Health Organization Classification and Ki-67 Proliferative Index.” Belinsky I, Murchison AP, Evans JJ, Andrews DW, Farrell CJ, Casey JP, Curtis MT, Nowak Choi KA, Werner-Wasik M, Bilyk JR. *Ophthalmic Plast Reconstr Surg.* 2018 Mar/Apr;34(2):143-150.

Dr. Irina Belinsky attended New York University undergraduate and received her medical degree from Jefferson Medical College in Philadelphia with cum laude and AOA honors. She completed her residency in Ophthalmology at New York University followed by her first fellowship, in Ocular Oncology, at Memorial Sloan-Kettering Cancer Center. Her second fellowship, in Oculoplastic and Orbital Surgery, was at Wills Eye Hospital with Dr. Jurij Bilyk where she received the McDonald Award for Best Fellow Paper. She returned to New York and joined the full-time faculty at NYU Langone Eye Center. Dr. Belinsky has also taken her professional passion on two oculoplastic surgical and teaching missions to Mongolia with the Virtue Foundation.

Ann P. Murchison, MD, MPH, is Director of the Wills Eye Emergency Department at Thomas Jefferson University Hospital, Attending Surgeon on the Oculoplastic and Orbital Surgery Service at Wills Eye Hospital, and Associate Professor of Ophthalmology at Thomas Jefferson University Hospital. Her Ophthalmology residency was at the University of Washington in Seattle and she completed her oculoplastic and orbital surgery fellowship training at Emory University in Atlanta under the direction of Drs. Ted Wojno and Carlo Bernardino. Upon completing her fellowship, she joined the Emory faculty as Assistant Professor in 2006. She then went on to earn a Master in Public Health degree at Emory University’s Rollins School of Public Health. In 2008 she joined Wills Eye Hospital where her clinical focus is on functional and traumatic disorders of the orbit and adnexa. Her research interests include optimizing ophthalmic health care delivery and improving outcomes in traumatic ophthalmic disorders.

Dr. James J. Evans is a professor in the Departments of Neurological Surgery and Otolaryngology at Thomas Jefferson University. Dr. Evans is the Director of Cranial Base and Pituitary surgery, co-director of the Center for Minimally Invasive Cranial Base Surgery, and director of the cranial base surgery fellowship program at TJUH. Through the program, Dr. Evans has trained visiting surgeons from many states in the U.S., as well as from several other countries. He has active leadership roles in organized neurosurgery and currently serves as President of the North American Skull Base Society. Dr. Evans has authored and edited three books as well as written numerous manuscripts and chapters on cranial base surgery. He has become a national leader in endoscopic endonasal cranial base surgery and continues to advance the field with the development of new surgical instruments and techniques. Dr. Evans is the proud husband of Deborah, an attorney and published author, as well as father of two beautiful daughters, Sophia and Vivienne.

After residency training in neurological surgery at the Cleveland Clinic and Queen Square, London, Dr. Evans completed a fellowship in cranial base and cerebrovascular surgery with Dr. Laligam Sekhar. He is currently a professor in the Departments of Neurological Surgery and Otolaryngology at Thomas Jefferson University. Dr. Evans is the Director of Cranial Base and Pituitary surgery, co-director of the Center for Minimally Invasive Cranial Base Surgery, and director of the cranial base surgery fellowship program at TJUH. Through the program, Dr. Evans has trained visiting surgeons from many states in the U.S., as well as from several other countries. He has active leadership roles in organized neurosurgery and currently serves as President of the North American Skull Base Society. Dr. Evans has authored and edited three books as well as written numerous manuscripts and chapters on cranial base surgery. He has become a national leader in endoscopic endonasal cranial base surgery and continues to advance the field with the development of new surgical instruments and techniques. Dr. Evans is the proud husband of Deborah, an attorney and published author, as well as father of two beautiful daughters, Sophia and Vivienne.

Dr. Christopher Farrell is an Assistant Professor of Neurological Surgery and a member of the Division of Neuro-Oncologic Neurosurgery and Stereotactic Radiosurgery at Thomas Jefferson University. His work is focused on the advancement of clinical outcomes for benign and malignant brain tumors. He is an active member of the AANS/ CNS Section on Tumors Executive Committee where he has helped author the international guidelines on pituitary adenomas and newly diagnosed glioblastoma. Dr. Farrell performed his neurosurgical training at the Massachusetts General Hospital and completed a fellowship in skull base surgery at the University of Tennessee-Memphis.
Dr. Mark Curtis received a Bachelor of Science from Cornell University, Ithaca NY, and a PhD from Thomas Jefferson University, Philadelphia. Dr. Curtis then received his medical degree from Temple University School of Medicine in Philadelphia with AOA honors. He completed his residency in Anatomic Pathology, a Fellowship in Neuropathology and a Fellowship in Surgical Pathology at the Hospital of the University of Pennsylvania. Since joining the pathology faculty at Thomas Jefferson University Hospital in 1995, Dr. Curtis has been Director of Neuropathology. Dr. Curtis’ clinical and research interests include neoplastic, infectious and immune mediated disorders of the brain, skull base and spinal cord.

Maria Werner-Wasik, MD, FASTRO, is Walter W. Curran Professor of Radiation Oncology at the Sidney Kimmel Medical College of Thomas Jefferson University and Enterprise Vice-Chair for Radiation Oncology at Jefferson Health. She is also the Contact Principal Investigator for NRG Oncology at Jefferson. Dr. Werner-Wasik graduated from medical school in Wroclaw, Poland, and completed her postgraduate training in radiation oncology at Tufts/New England Medical Center in Boston and at the University of Pennsylvania in Philadelphia. She frequently lectures on lung cancer at national and international conferences such as the American Society for Therapeutic Radiation Oncology (ASTRO), the American Society for Clinical Oncology (ASCO), and the International Association for the Study of Lung Cancer (IASLC) World Conference. She is currently the Lung Track Leader for the annual scientific ASTRO meeting and serves as an American Board of Radiology core group Oral Examiner for the Radiation Oncology Specialty Board examination. She is a member of the RTOG/NRG Lung Cancer Steering Committee and was a Co-Chair or Chair of several RTOG lung and brain trials. Dr. Werner-Wasik has served as Publications Chair of the Radiation Therapy Oncology Group’s (RTOG) and is member of the RTOG Foundation’s Board, as well as Chair of the newly formed NRG Oncology Protocol Monitoring Committee (PMC). She has been awarded several “Best Doctor” titles (Philadelphia Top Doctor; America’s Top Doctor for Cancer; America’s Top Oncologist, Top 1% of Physicians in America) and has over 150 publications to her credit on topics of lung and brain cancers, as well as treatment-related toxicity. Currently she devotes her energies to the harmonization and integration efforts of all radiation oncology divisions within Jefferson Health. Maria Werner-Wasik is married, has two grown daughters and a toddler grandson.

Dr. Jurij R. Bilyk is an Attending Surgeon on the Oculoplastic and Orbital Surgery Service at Wills Eye Hospital and a Professor of Ophthalmology at Thomas Jefferson University Hospital in Philadelphia. He graduated with a bachelor’s degree in chemistry from the University of Pennsylvania and obtained his medical degree from Jefferson Medical College. Dr. Bilyk completed an internship in Internal Medicine at Jefferson University Hospital and his residency in Ophthalmology at the Wills Eye Hospital. His oculoplastic and orbital surgery fellowship training was completed at the Massachusetts Eye and Ear Infirmary (MEEI) of the Harvard Medical School under the direction of Dr. John Shore.

After his fellowship, he returned to the Wills Eye Hospital as a member of the Oculoplastic and Orbital Surgery Service, where he specializes in the management of eyelid, lacrimal, and orbital diseases. He has a special interest in orbital disease, thyroid eye disease (Graves’ disease), and trauma, and works closely with the Departments of Otolaryngology and Neurosurgery at Jefferson University Hospital.

Dr. Bilyk is a fellow of the American Society of Ophthalmic Plastic and Reconstructive Surgery (ASOPRS), the American Academy of Ophthalmology (AAO), and the American Ophthalmological Society (AOS), as well as a member of the International Orbital Society, North American Skull Base Society and the International Orbital Society. Dr. Bilyk has served as the chairman of the ASOPRS Thesis Committee, currently serves on the AAO’s Ophthalmic Technology Assessment and Self-Assessment Committees in Oculoplastic Surgery, and has won multiple awards for his teaching, including two Golden Apple Award and the Silver Tray Award at Wills Eye Hospital. He has published over 125 papers in the peer-reviewed literature as well as numerous book chapters, and has been an invited speaker at local, national, and international conferences.

Not Pictured: David W. Andrews, MD; James P. Casey, MD; and Kamila A. Nowak Choi, MD
Awards

Merrill Reeh Pathology Award

The Merrill Reeh Pathology Award honors an outstanding contribution to the study of pathology pertinent to the field of ophthalmic plastic and reconstructive surgery. Papers may be submitted for consideration for this honorary award by members of ASOPRS or anyone interested in the field of ophthalmic plastic and reconstructive surgery. Theses from membership candidates are also considered eligible. The Merrill Reeh Pathology Award is reserved for a paper considered to represent a truly significant contribution to the field of ophthalmic plastic and reconstructive surgery.

Edward J. Wladis, MD, FACS

Edward J. Wladis, MD, FACS, is Professor and Chairman of the Lions Eye Institute, Department of Ophthalmology at Albany Medical College. In addition, he directs the fellowship program in oculoplastic surgery. Dr. Wladis received his undergraduate education at Columbia University, obtained his MD from the State University of New York – Upstate Medical University, and completed his residency in ophthalmology at the University of Medicine and Dentistry of New Jersey. He performed a fellowship in oculo-facial surgery at the University of Pennsylvania – Scheie Eye Institute under the direction of Roberta Gausas, MD.

Dr. Wladis has received numerous honors, including the Marvin Quickert Thesis Award (2008), ASOPRS Research Award (2012), and Bartley R. Frueh Award (2012 and 2013) from ASOPRS, and the Achievement Award (2013) and Best Paper Award (2014) from the American Academy of Ophthalmology. He serves as the director of the ASOPRS oral examination, and sits on the Thesis, Education, and Scientific Advisory Committees for ASOPRS and the Ophthalmology Technology Assessment Committee for the Academy. Dr. Wladis’ research has been supported by New York State, the Lions Eye Foundation, and the National Rosacea Society.

Dr. Wladis is grateful to his mentors for their tireless efforts to hone his clinical and research skills. Most critically, he is thankful to his wife and daughters.

Robert H. Kennedy Presidential Award

Named in memory of ASOPRS 2007 President, Robert H. Kennedy, MD, PhD, this award is presented to the Society’s Immediate Past President in recognition of their devotion, leadership, and ongoing service to the Society.

The recipient of this year’s Robert H. Kennedy Presidential Award is Gerald J. Harris, MD, FACS.

Gerald J. Harris, MD, FACS

Gerald J. Harris, MD, FACS, is a native of Philadelphia, attended college in Wisconsin, and was an Alpha Omega Alpha graduate of Northwestern University Medical School. He served as a U.S.A.F. Flight Surgeon in Southeast Asia, earning Air and Commendation Medals. He completed residency in Ophthalmology at Northwestern University and fellowship training in Orbital and Oculoplastic Surgery at Columbia University. He currently serves as Professor of Ophthalmology and Chief of Oculofacial Plastic and Orbital Surgery at the Eye Institute of Medical College of Wisconsin. His scholarly contributions include 160 original articles and book chapters and the surgical text, Atlas of Oculofacial Reconstruction. He has delivered 124 invited lectures, including the Wendell Hughes Lecture, as well as 142 additional extramural presentations at institutions and societies worldwide. He is a member of the Orbital Society and the American Ophthalmological Society.

Dr. Harris has served ASOPRS as Treasurer, Vice President, President-Elect, President, Advisory Board Chair, Standards Committee Chair, Wendell Hughes Lecture Committee Chair, Nominating Committee Chair, Bylaws Committee Chair, and on the Awards, Journal, Ethics, and Fellowship Program Director Committees. From 2001 to 2009, he served as Editor-in-Chief of Ophthalmic Plastic and Reconstructive Surgery, the Society’s official scientific journal. He is the Program Director and principal preceptor of an ASOPRS-accredited Fellowship Training Program.
Richard K. Dortzbach Teaching Award

The Dortzbach Teaching Award is given to an individual with significant contribution to the field of oculoplastics through outstanding teaching, academic, scientific, and scholarly achievement and for dedication throughout his or her profession.

The recipient of this year’s Richard K. Dortzbach Teaching Award is Richard L. Anderson, MD, FACS

Richard L. Anderson, MD, FACS, is a Salt Lake City oculofacial plastic surgeon who has written over 400 scientific publications, three books, and has given over 1000 presentations on topics in oculoplastics. He has received many of the top awards in the field and was named the best oculoplastic surgeon in America by groups including Good Housekeeping Magazine and Readers Digest. He is a former professor and chief of the oculoplastic divisions at the University of Iowa and the University of Utah. Dr. Anderson has trained over 80 fellows, many of whom direct ASOPRS programs in the US and worldwide. He believes his greatest accomplishment is the fellows, grand fellows, and great grand fellows he has helped train.

James A. Katowitz Pediatric Award

This award is given to an individual for longstanding contributions in pediatric oculofacial plastic surgery.

The recipient of this year’s James A. Katowitz Pediatric Award is Jonathan W. Kim, MD

Jonathan W. Kim is an associate professor of ophthalmology at the University of Southern California (USC) Roski Eye Institute and Children’s Hospital Los Angeles (CHLA). He is currently the director of the oculoplastic service and the retinoblastoma program at CHLA, and the director of ocular oncology at USC. Dr. Kim holds the A. Linn Murphree Chair in Retinoblastoma at CHLA and provides clinical expertise in the management of pediatric intraocular and orbital tumors. In addition to his oculoplastic fellowship completed at the Jules Stein Eye Institute, he has also completed fellowships in neuro-ophthalmology at the Massachusetts Eye and Ear Infirmary and oculon oncology in Liverpool, England. Dr. Kim is a board member of the American Association of Ophthalmic Oncologists and Pathologists and serves on the oculoplastics subcommittee for the American Academy of Ophthalmology. He has given presentations and written articles and book chapters on a wide range of topics in oculoplastic surgery and ocular oncology. He is indebted to his teachers in oculoplastic surgery, Dr. Robert Goldberg, Dr. Norman Shorr and Dr. Henry Baylis.
Awards

ASOPRS Outstanding Contribution Award

Presented at 2018 ASOPRS Spring Meeting in Austin, TX

This award is given to an individual or individuals who make a legendary single, or longstanding multiple contributions to ASOPRS. The recipients of this year’s ASOPRS Outstanding Contribution Award are Aaron Fay, MD, John Nguyen, MD, and Nicholas Mahoney, MD for the development and evolution of the coder used by ASOPRS fellows.

Aaron Fay is assistant professor of ophthalmology (part-time) at Harvard Medical School. In addition to private practice outside of Boston, he is director of ophthalmic plastic surgery at the Vascular Birthmark Institute of New York, and at the Zentrum fur Vasculare Malformationen in Eberswalde, Germany. He has authored more than 100 peer-reviewed journal articles and over 25 textbook chapters. He lectures widely on vascular anomalies and other topics, with more than 75 national and international invited lectures. Last year, he and co-editor Peter Dolman published a major textbook on the pathophysiology of oculoplastic and orbital disease. He and his wife, Myriam, live in Lexington, Massachusetts with three children, a horse, and two dogs. He would like to thank his many mentors, trainees, and ASOPRS colleagues for a rich and rewarding professional life.

John Nguyen is an associate professor of ophthalmology and otolaryngology at West Virginia University, and he is the director of the ophthalmic plastic and reconstructive surgery service. Dr. Nguyen serves on the board of the West Virginia Academy of Eye Physicians and Surgeons. He wishes to thank ASOPRS for the award, and he is truly humbled to be in the company of those who inspired him. He feels fortunate and is grateful for the active mentorship of Dr. Aaron Fay as well as the guidance of Dr. Jennifer Sivak-Callcott.

Nick Mahoney is an assistant professor of ophthalmology at the Johns Hopkins Hospital and the Wilmer Eye Institute where he serves as the associate residency program director and division education champion for oculoplastic surgery. His research has focused on using technology to improve teaching methodology and orbital surgery. In addition to research publications, he has also developed software for intraoperative tissue assessment, curriculum management, classroom mobile device polling and surgical logging. He credits his success to his partner, Olga Joos, and her support and his many mentors along the way including Shannath Merbs and Nicholas Volpe.

Orkan G. Stasior Leadership Award

Presented at 2018 ASOPRS Spring Meeting in Austin, TX

This award is given to an individual who has demonstrated distinguished service in the field of ophthalmic plastic and reconstructive surgery through education, research, humanitarian activities and/or service to the Society. This award is presented in recognition of the leadership of ASOPRS charter member, Orkan G. Stasior, MD. The recipient of this year’s Orkan G. Stasior Leadership Award is Keith D. Carter, MD, FACS

Keith Carter is a professor of ophthalmology and otolaryngology, and chairman of the Department of Ophthalmology and Visual Sciences at the University of Iowa. He directs an ASOPRS fellowship and is a former residency program director. Dr. Carter is president of the American Academy of Ophthalmology and past-president of the Association of University Professors of Ophthalmology.

Dr. Carter has delivered presentations and written articles on oculoplastics and plastic surgery, ethics, advocacy, and other topics involving ophthalmology and surgery. He has served humanitarian efforts through ORBIS and other global outreach programs. A strong proponent of mentoring and continuing education, he attributes his success to mentors that include Drs. Jeff Nerad, Paul Lichter, Thomas Weingeist, and Lee Alward.
Thursday Posters

ASOPRS Poster Stand By Sessions
Please be sure to take the opportunity to visit the posters during the morning and afternoon breaks (even numbered posters in the morning, odd numbered posters in the afternoon).

The Poster Stand By Sessions will be held in the Continental Ballroom (Exhibit Hall). Posters are unique each day so be sure to visit during both sessions on Thursday and Friday.

T1 Telemedicine in Oculoplastics: Effective Diagnosis and Triage of Emergency Department Consultations

F5 Lateral Eyebrow Elevation with the Porous Polyethylene Implant
Mica Bergman1,2, Tiffany Ho1, Sandy Zhang-Nunes1, Michael Burnstine2,1
1USC Roski Eye Institute, Los Angeles, California, United States of America, 2Eyeesthetica, Los Angeles, California, United States of America

F6 Post Ptosis Repair Change in Lower Eyelid Retraction in Unilateral Myogenic and Aponeurotic Blepharoptosis; A Prospective, Controlled, Before and After Study
Mohsen Kashkouli, Yasaman Hadi, Anahita Amirzadari, Parya Abdolalizadeh, Mahya Ghazizadeh
Eye Research Center, Rassoul Akram Hospital, Iran University of Medical Sciences, Tehran, Iran

F7 The Diagnostic Yield of Investigations in Ocular Myasthenia Gravis Presenting As Ptosis
Akshay Nair1, Nita Shah2, Rashmin Gandhi3
1Ophthalmic Plastic Surgery and Ocular Oncology, Advanced Eye Hospital and Institute, Mumbai, India, 2Ayush Eye Centre, Mumbai, India, 3Beyond Eye Care, Hyderabad, India

F8 Safety and Efficacy of Resident Performed Functional Upper Lid Blepharoplasty
Justin Hellman1, Bilawal Mahmood2, Lily Lin1
1Department of Ophthalmology and Vision Science, University of California Davis Health Eye Center, Sacramento, California, United States of America, 2School of Medicine, University of California Davis, Sacramento, California, United States of America

F9 Lagophthalmos and Corneal Exposure Resulting from Facial Burn Injury: Strategies for Management
E. Lacey Chelioti1, Leslie Neems2, Eric Hink3, Sophie Liao1, Anne Wagner4
1Ophthalmology, Oculofacial Plastic and Orbital Surgery Fellow, University of Colorado, Denver, Colorado, United States of America, 2Ophthalmology, Oculoplastic Division, Kaiser Permanente, Denver, Colorado, United States of America, 3Ophthalmology, Oculofacial Plastic and Orbital Surgery, University of Colorado, Denver, Colorado, United States of America, 4Department of Surgery, Surgical Critical Care, Burn Division, University of Colorado, Denver, Colorado, United States of America

F10 The Effect of Topical Periocular Steroid Use on Intraocular Pressure: A Retrospective Analysis
Michelle M. Maeng, MD, Carlos Gustavo De Moraes, MD, MPH, Bryan J. Winn, MD, Lora R. Dagi Glass, MD
Ophthalmology, Edward S. Harkness Eye Institute / Columbia University Medical Center, New York, New York, United States of America
Friday Posters

F11 A Conjunctival Sparing Surgical Technique for Lower Eyelid Cicatricial Entropion Repair in Ocular Cicatricial Pemphigoid
Edith R. Reshef1, Hokyung Choung1,2, Thidarat Tanking1,2, Suzanne K. Freitag1
1Ophthalmic Plastic Surgery Service, Department of Ophthalmology, Massachusetts Eye and Ear Infirmary, Harvard Medical School, Boston, Massachusetts, United States of America, 2Department of Ophthalmology, Seoul Metropolitan Government-Seoul National University Boramae Medical Center, Seoul, South Korea, 3Ocular Plastic and Reconstructive Service, Department of Ophthalmology, Somdech Phra Pinklao Royal Navy Hospital, Bangkok, Thailand

F12 Full Thickness Tarsal Fracture and Lid Margin Rotation for the Repair of Cicatricial Upper Eyelid Entropion
Habibullah Eatamadi1, Iman Al Hammadi2, Fatima Habroosh2, Ahmed Alsaaed2
1Ophthalmology, Sheikh Khalifa Medical City, Abu Dhabi, United Arab Emirates, 2Ophthalmology, SKMC, Abu Dhabi, United Arab Emirates

F13 Effect of Lower Lid Epiblepharon Surgery on Asymmetric Margin Reflex Distance 1
Min Kyu Yang1, Namju Kim2, Ho-Kyoung Choung3, Sang In Khwarg1
1Ophthalmology, SKMC, Seoul, South Korea, 2Ophthalmology, SKMC, Gyeonggi-do, South Korea, 3Ophthalmology, Seoul Metropolitan Government-Seoul National University Boramae Medical Center, Seoul, South Korea

F14 Orbital Fat: The Fourth Dimension of Entropion
Mark Prendes1,2,3, June Geng1, Christopher Areepanthu1, William Nunery1,2,3, Hui Bae Harold Lee1,2,3
1Department of Ophthalmology and Visual Sciences, University of Louisville, Louisville, Kentucky, United States of America, 2Oculofacial Plastic and Orbital Surgery, Indiana University, Indiana, United States of America, 3Eugene and Marilyn Glick Eye Institute, Indiana University School of Medicine, Indianapolis, Indiana, United States of America

F15 Ocular Pyogenic Granulomas Treated with Topical Timolol – Updated 4-Year Follow Up Results
Arpine Barsegian1, Nora Siegel1,2, Roman Shinder1
1Ophthalmology, SUNY Downstate Medical Center, Brooklyn, New York, United States of America, 2Ophthalmology, University of Washington, Seattle, Washington, United States of America

F16 Modifications of Cutler Beard Procedure: Surgical Outcomes
Sameeksha Tadepalli, Ankit Singh Tomar, Santosh Honavar
Ophthalmic Plastic Surgery and Ocular Oncology, Centre for Sight, Hyderabad, India

F17 Long Term Outcomes of Slipped or Lost Rectus Muscles During Strabismus Surgery
Valerie Chen, John Simon, Edward Wladis
Ophthalmology, Albany Medical Center, Albany, New York, United States of America

F18 A Pathological Void: Air under the Upper Eyelid
Katherine Williams1, Richard Allen1,2
1Department of Ophthalmology, Baylor College of Medicine, Houston, Texas, United States of America, 2Department of Ophthalmology, MD Anderson Cancer Center, Houston, Texas, United States of America

F19 “Braving Graves” Smartphone Application for Thyroid Eye Disease Patients
Andrea Tooley1, Michael Kazim2
1Ophthalmology, Mayo Clinic, Rochester, Minnesota, United States of America, 2Ophthalmology, Columbia University, New York, New York, United States of America

F20 Clinical and Radiologic Predictors of Dysthyroid Optic Neuropathy in Thyroid Eye Disease
Shoaib Ugradar1, Narek Manoukian2, Robert Goldberg1, Daniel Rootman1,3
1Oculoplastics, UCLA, Los Angeles, California, United States of America, 2Statistics, UCLA, Los Angeles, California, United States of America, 3UCLA, Doheny Eye Institute, Los Angeles, California, United States of America

F21 Visual Field and Orbital Computed Tomography Correlation in Compressive Optic Neuropathy due to Thyroid Eye Disease
Victoria Starks, Katherine Reinhagen, Nahyoung Lee, Suzanne Freitag
Massachusetts Eye and Ear Infirmary, Boston, Massachusetts, United States of America

F22 Non-Linear Visual Field Improvement in Radiotherapy for Thyroid Eye Disease and Compressive Optic Neuropathy: A Radiation Rebound Effect?
Tavish Nanda, Kristen Dunbar, Ryan Bathras, Michael Kazim
Columbia University Medical Center Harkness Eye Institute, New York, New York, United States of America
Friday Posters

F23  A Retrospective Analysis of Clinical Findings in Patients with Thyroid Eye Disease Who Develop Choroidal Folds
Sara Wester1, Ann Tran2, Sandy Zhang-Nunes3, Kenneth Cahill4, Magdalene Yin Lin, Ting5, Erin Shriver6, David Weinberg6, Steven Couch6, Dianne Schlachter2, Chris Alabiad6
1Ophthalmology, Bascom Palmer Eye Institute, Miami, Florida, United States of America, 2Ophthalmology, University of Miami, Miami, Florida, United States of America, 3Ophthalmology, USC Eye Institute, Los Angeles, California, United States of America, 4Ophthalmology, Ohio State University Wexner Medical Center, Columbus, Ohio, United States of America, 5Ophthalmology, University of Iowa, Iowa City, Iowa, United States of America, 6Concord Eye Center, Concord, New Hampshire, United States of America, 7Ophthalmology, Washington University in St. Louis, St. Louis, Missouri, United States of America, 8Consultants in Ophthalmic and Facial Plastic Surgery, Detroit, Michigan, United States of America, 9Ophthalmology, University of Miami and Miami Veterans Affairs Hospital, Miami, Florida, United States of America

F24  The Association of Risk of Obstructive Sleep Apnea and the Severity of Thyroid Eye Disease
Devon Joiner, Kristen Dunbar, Kyle Godfrey, Michael Kazim
Department of Ophthalmology, Columbia University Medical Center, New York, New York, United States of America

F25  Identification of Age-Stratified Clinical Features of Active Thyroid Eye Disease
Kyle Godfrey1,2,3, Paula Wu4, Kristen Dunbar1,2,3, Michael Kazim1
1Edward S. Harkness Eye Institute, Columbia University Medical Center, New York, New York, United States of America, 2Department of Ophthalmology, Weill Cornell Medical College, New York, New York, United States of America, 3Department of Ophthalmology, New York University Langone Medical Center, New York, New York, United States of America, 4Department of Ophthalmology and Visual Sciences, Yale School of Medicine, New Haven, Connecticut, United States of America

F26  Effect of Systemic Steroid and Orbital Radiotherapy on Dry Eye Parameters in Thyroid Associated Orbitopathy (TAO)
Kelvin Kam Lung Chong1,2, Nicole Tsim1,2, Joyce Chin1,2, Regine Chan1,2, Chi-Lai Li1,2, Antony Law2, Lok Y Yeung2, Kenneth Wong2,3, Alvin Lerrmann Young1,2
1Department of Ophthalmology and Visual Sciences, Prince of Wales Hospital, Hong Kong, Hong Kong, 2Department of Ophthalmology and Visual Sciences, The Chinese University of Hong Kong, Hong Kong, Hong Kong, 3Prince of Wales Hospital, Hong Kong, Department of Ophthalmology and Visual Sciences, Hong Kong, Hong Kong

F27  Metabolic Signature of Orbital Fat in Thyroid Eye Disease Patients
Jamie Schaefer1, Cara Laswell2, Yekai Wang3, Jianhai Du3, John Nguyen1,4
1Ophthalmology, West Virginia University, Morgantown, West Virginia, United States of America, 2West Virginia University, Morgantown, West Virginia, United States of America, 3Biochemistry, West Virginia University, Morgantown, West Virginia, United States of America, 4Otolaryngology, West Virginia University, Morgantown, West Virginia, United States of America

F28  Elevated BMP4 Expression Implicated in Site-Specific Adipogenesis in Thyroid Associated Orbitopathy
Janice S.C. Wong1, W.K. Chu1, Benjamin, Fuk-loi Li1, Bi Ning Zhang1, C.P. Pang1, Kelvin Kam Lung Chong1,2
1Department of Ophthalmology and Visual Sciences, The Chinese University of Hong Kong, Hong Kong, Hong Kong, 2Department of Ophthalmology and Visual Sciences, Prince of Wales Hospital, Hong Kong, Hong Kong
Videos

V1 Silicone Intubation Versus Packing in ENdonasal Dacryocystorhinostomy (SPEND) for Primary Nasolacrimal Duct Obstruction
Joyce Chin1, Vincent Lam2,3, Regine Chan1, Luke Yeung2, Antony Law2, Alvin Lerrmann Young1, Hunter Yuen5, Mohammad Javed Ali5, Kelvin Kam Lung Chong2,1

Altug Cetinkaya  
Dunyagoz Ankara Hastanesi, Ankara, Turkey
Featuring original articles and reviews on topics such as ptosis, eyelid reconstruction, orbital diagnosis and surgery, lacrimal problems, and eyelid malposition, *Ophthalmic Plastic and Reconstructive Surgery* is the journal to read. You receive updates on diagnostic techniques and medical therapies, as well as detailed analyses of recent research findings and their clinical applications.

**Publishing Key Research From the Field!**

*Ophthalmic Plastic and Reconstructive Surgery* is proud to publish well-cited research. Some recent articles include:

- **External Compression Versus Intravascular Injection: A Mechanistic Animal Model of Filler-Induced Tissue Ischemia**
- **The Quantitated Internal Suture Browpexy: Comparison of Two Brow-Lifting Techniques in Patients Undergoing Upper Blepharoplasty**
- **Conjunctiva-Sparing Posterior Ptosis Surgery: A Novel Approach**
- **Thyroid-Related Orbital Decompression Surgery: A Multivariate Analysis of Risk Factors and Outcomes**
- **Rethinking the Role of Nitroglycerin Ointment in Ischemic Vascular Filler Complications: An Animal Model With ICG Imaging**
- **Outcomes of Orbital Blow-Out Fracture Repair Performed Beyond 6 Weeks After Injury**
- **Observations on Prostaglandin Orbitopathy**

FEATURING DR. SHEILA BARBARINO

REDISCOVER THE POWER OF RADIESSE®

Friday, October, 26 / 12:00 – 1:00pm
Hilton Chicago: Waldorf Room
Hosted By: Merz Aesthetics®

SPEAKER

Sheila Barbarino, MD, FAAO, FAACS, F.A.C.S., is a board-certified surgeon who is fellowship trained in oculo-facial plastics and cosmetic plastic surgery, specializing in surgery of both the full body and face. Dr. Barbarino received her medical degree from Jefferson Medical College of Thomas Jefferson University. She completed fellowships in ophthalmic plastic and reconstructive surgery in New York, in facial cosmetic surgery in Rancho Mirage, California, and full body cosmetic surgery in Beverly Hills, California.

Dr. Barbarino is a diplomate of the American Board of Ophthalmology, fellow of the American Academy of Cosmetic Surgery, member of the American Academy of Facial Plastic and Reconstructive Surgery, and sits on the executive board of the Cosmetic Surgery Foundation. Dr. Barbarino is a key opinion leader for many of the leading aesthetic companies and teaches and lectures all over the world. Dr. Barbarino is on the forefront of cutting edge technology and conducts cosmetic and functional FDA studies as principle investigator. She brings her expertise to the practice of cosmetic, corrective, and reconstructive surgery of the eyelids, face, and full body, and has offices in Austin, Texas and Torrance, California.

VISIT GENENTECH AT BOOTH #507

Genentech
A Member of the Roche Group
Exhibitors

Advice Media - Booth 402
Digital Marketing Services for Oculoplastic Practices.
Representatives: Chad Erickson, Robert Antosy, and Michael Antosy

Aerolase - Booth 100
Aerolase devices uniquely complement the most common ophthalmic cosmetic procedures, equipping your practice to address each patient's periorbital skin aging concerns. Whether used as a stand-alone resurfacing procedure or in conjunction with blepharoplasty, Aerolase enables added revenue and more dramatic results to the procedures already being performed in your office.
Representatives: Dean Giaimo and David Gieske

Allergan - Booth 207
Allergan is committed to working with physicians, healthcare providers and patients to create a world-class aesthetic business with the most comprehensive, science-based product offerings available. This global portfolio consists of best-in-class facial aesthetics, body contouring, plastic surgery and regenerative medicine offerings, which includes products such as BOTOX Cosmetic®, CoolSculpting® System, Natrelle®, REVOLVE™ and more.
Representatives: Micaela Dorazio, Sandy Tremain, Joe Blahnik, Shannan Marks, Ken Benson, Laurie Rizzo, and Brad Holbrook

Anthony Products/Gio Pelle - Booths 103, 105
For 50 years, Anthony Products has specialized in the distribution of ENT, Plastic Surgery and Dermatology instruments and equipment. Gio Pelle specializes in customized skincare and microdermabrasion. Gio Pelle offers personalized gel packs for post procedure recovery. Private label opportunities are available.
Representatives: Chuck Petrucciani and Joanne Bianchini

Canfield Scientific, Inc. - Booth 305
Canfield Scientific is the leading worldwide developer of imaging software and photographic systems for the medical and skin care industries. Product lines include Mirror® imaging software, VISIA® Complexion Analysis, VECTRA® 3D Systems, Reveal® facial imagers, VEOS™ dermatoscopes, customized photographic studio solutions and specialized imaging devices for clinical photography.
Representative: Kimberley Johnson

Castle Biosciences - Booth 302
Castle Biosciences is a provider of molecular diagnostics to improve cancer management decisions. DecisionDx®-Melanoma leverages tumor biology for prognostic insight into metastatic risk in melanoma, providing information independent of AJCC staging factors and sentinel lymph node status. DecisionDx®-UM enables accurate staging of five-year metastatic risk in uveal melanoma and is standard of care in a majority of ocular oncology practices. Castle Biosciences is based in Friendswood TX and has laboratory operations in Phoenix AZ. (www.castlebiosciences.com)
Representatives: Kristen Plasseraud, PhD and Kristen Oelschlager

Crystal Clear Digital Marketing - Booth 203
Crystal Clear is the industry leader in providing world-class software, marketing, and consulting solutions for the modern medical aesthetic practice. From revolutionary opportunity management software to customized digital marketing services, Crystal Clear is the only solution for managing all aspects of your medical practice in today's social world.
Representative: Nathan Magdaleno

DePuy Synthes - Booth 503
DePuy Synthes, part of the Johnson & Johnson Family of Companies, is the global leader in medical devices used to treat orthopaedic trauma. The company’s fixation products, including screws, plates, nails and other implants, are used to treat fractures and deformities related to the extremities and provide one of the most comprehensive portfolios of orthopaedic solutions in the world. DePuy Synthes solutions are designed to advance patient care while delivering clinical and economic value to health care systems worldwide.
Representatives: Alex Herzlinger and Ted Kompa

Designs for Vision, Inc. - Booth 400
Just See It™ with Designs for Vision’s lightweight custom-made Surgical Loupes - See It Even Better™ with the L.E.D. Daylite® or Twin Beam®, L.E.D. Daylite® providing the brightest and safest un-tethered illumination. Introducing the L.E.D. Daylite® Nano Cam HD video from your perspective.
Representatives: Kristin Hayes and Brad Kilbane

Booth representatives subject to change.
Ellman, A Cynosure Company - Booth 300
Ellman, A Cynosure Company, is committed to providing innovative products that serve the needs of our global customers. Ellman offers a full complement of advanced radiofrequency (RF) products, including the Pellevé® Wrinkle Reduction System, and the Surgitron® Surgical RF Systems. Our products are used around the world for precision surgical and aesthetic procedures in the Aesthetic, Surgical, Dental and Veterinary fields.

Representatives: Karin Paretta and Kyle Keena

Enova Illumination - Booth 204
Enova Illumination is the leading manufacturer of premium headlight products for all types of procedures with illumination from 30,000 to 225,000lux. Enova also offers a new premium line of custom through-the-lens loupes. Our products are designed to offer light weight, comfortable, durable magnification and lighting options.

Representatives: Matt Johnson and Cindy Byer

FCI Ophthalmics - Booth 206
Dry Eye, Retina, Cataract, Lid Repair, Orbital and Lacrimal

Representatives: Carol Diamantine and Heather Patterson

Galderma - Booth 301
Dating back to 1961, Galderma is present in 100 countries with an extensive product portfolio to treat a range of dermatological conditions. The company partners with health care professionals around the world to meet the skin health needs of people throughout their lifetime. Galderma is a leader in research and development of scientifically-defined and medically-proven solutions for the skin, hair and nails.

Strategic brands in the U.S. include Restylane® Refyne, Restylane® Defyne, Restylane®, Restylane® Silk, Restylane® Lyft, Dysport® and Sculptra® Aesthetic.

For more information, please visit www.galdermausa.com and www.galderma.com.

The Dyport® trademark is used under license. All trademarks are the property of their respective owners.

USMP/DYS/0033/0317 03/17

Representatives: Mojo McDaniel, Melissa Bajit, Melissa Flamini, and Jay Mashburn

Genentech - Booth 507
Considered the founder of the industry, Genentech, now a member of the Roche Group, has been delivering on the promise of biotechnology for over 40 years.

Genentech is a leading biotechnology company that discovers, develops, manufactures and commercializes medicines to treat patients with serious or life-threatening medical conditions. We are among the world's leading biotech companies, with multiple products on the market and a promising development pipeline.

Graves Disease and Thyroid Eye Foundation - Booth 603
Evidence-based education and support for patients with Graves’ disease, thyroid eye disease, and related disorders. We provide phone/e-mail/social media support, educational events, and support groups.

Representative: Kimberly Dorris

Gunther Weiss Scientific Glassblowing Co., Inc. - Booth 505
Providing the original Lester Jones tear duct tube for over 50 years.

Representatives: Scott Wheeler and Megan Wheeler

Human Touch - Booths 605, 607
Human Touch is the leading provider of high-quality, innovative lifestyle products, massage chairs, and experiences that have been delivering indispensable, life-changing benefits to an ever-growing number of consumers for almost 40 years.

Representatives: Eric Beatty and Dale Shepherd

Integrated Orbital Implants, Inc. - Booth 406
IOI provides the most scientifically advanced orbital implant for enucleation, evisceration and secondary implant procedures. The Bio-Eye Hydroxyapatite (HA) Orbital Implant is the “Gold Standard” in orbital implants. Among the benefits, the Bio-Eye Orbital Implant offers “natural movement” of the artificial eye and reduction of implant migration and extrusion.

JedMed - Booth 102
JEDMED is an employee-owned company that has been serving the medical community for over 40 years. We carry Crawford Lacrimal Intubation Sets, Hessburg-Barron Trephines and Barron Punches, Horus Fundus Cameras, keratoscopes, surgical instruments, chairs, stools and more.

Representatives: Jared Reimann and Bill Whittington

Exhibitors

Booth representatives subject to change.
Kaneka Pharma America, LLC - Booth 504
LACRIFLOW: The best choice lacrimal duct tube for NLDO and DCR offered by Kaneka Pharma America. Check out at our booth.

Representatives: Akihiro Tahara and Hidekazu Miyauchi

Lid Lift Goggle - Booth 601
Lid Lift Goggle (www.LidLiftGoggle.com) addresses the patients top concerns with Blepharoplasty. These innovative compression goggles are proven to reduce bruising and swelling 3-5 fold. Patients heal in comfort and return to their social and professional life quicker. Oculoplastic surgeons deliver improved health care and increase profits.

Representative: Bill McCann

Mallinckrodt Pharmaceuticals - Booth 201
Mallinckrodt Pharmaceuticals is a global specialty pharmaceutical company. The company's Autoimmune and Rare Diseases business includes H.P. Acthar® Gel (repository corticotropin injection), indicated for use in multiple specialties. To learn more, visit www.Acthar.com

McClain Laboratories, LLC - Booth 200
McClain Pathology Laboratory serves the Oculoplastic Surgeon with rapid turnaround of histopathologic evaluation of all ophthalmic tissue specimens with accurate margin control using photographic methods. We pride ourselves in unmatched ease of communication, accessibility, specificity, client service and convenience.

Representatives: Rob Browse, MD, Steve McClain, MD, and Paul Langer

MedDev Corporation - Booth 404
Gold and Platinum Contour™ and ThinProfile™ (40% reduced thickness) Eyelid Implants, Tantalum Eyelid Sizing Weights, and Blinkeze® External Lid Weights for the non-surgical treatment of lagophthalmos.

Representatives: Suzanne Grey and Sasan Amirgholizadeh

Merz Aesthetics - Booth 502
Merz North America, Inc. is a specialty healthcare company dedicated to the development and marketing of innovative quality products for physicians and patients across the United States and Canada. Merz products are distributed through two divisions, Aesthetics and Neurosciences, and are developed with the goal of improving patients' health and quality of life by delivering therapies that bring about real progress. Privately-held, Merz North America is headquartered in Raleigh, North Carolina. To learn more about Merz North America, Inc., please visit www.merzusa.com.

MicroAire Surgical Instruments - Booth 401
Endotine® is a patented system for affixing soft tissue to bone during aesthetic facial surgery, using small resorbable tines to reduce the tissue strain associated with sutures. This system allows surgeons to re-adjust tissue location during surgery. Endotine® provides reliable fixation through the post-operative healing period, and is resorbed as biological fixation takes over.

Representatives: Rob Griffin and Theresa Johnson

Newmedical Technology - Booth 106
Silagen Scar Refinement System & Silagen Arnica/Bromelain

Representatives: Mark Chenoweth and Neil Blatchford

Nextech - Booth 307
Increase charting speed, improve workflow and streamline practice productivity. Nextech offers fully integrated, Ophthalmology-specific EMR and Practice Management solutions that allow Ophthalmologists to chart with unmatched speed and specificity. Designed specifically for Ophthalmology workflows, experience Nextech’s intuitive navigation, adaptive template technology and enhanced drawing capabilities. Visit www.nextech.com to learn more.

OJM Group - Booth 501
OJM Group is a multidisciplinary wealth management firm whose team members have worked with over 1,000 physicians nationwide to help them build wealth, reduce taxes and protect personal and corporate assets.

OJM principals have co-authored more than a dozen books for physicians, including For Doctors Only and Wealth Management Made Simple. OJM will offer attendees a free print copy or ebook download of these books, as well as a complimentary consultation.

Representative: David B. Mandell, JD, MBA

OMIC - Booth 306
Malpractice Liability Insurance for Ophthalmologists

Representatives: Joe DiBernardo, CPCU, AU, CIC, and Paul Burnthall

Poriferous LLC - Booth 304
PORIFEROUS manufactures biocompatible porous polyethylene surgical implants, for craniofacial reconstruction and augmentation, featuring SU-POR biomaterial.

Representatives: Aaron Noble and Golda Noble

Booth representatives subject to change.
### Exhibitors

**Quality Medical Publishing, Inc.** - Booth 303  
QMP Operative Video Library (Available in DVD and HD Streaming) - Just Released! Aesthetic Eyelid and Periorbital Surgery: Surgical Adjuncts and Pearls for Success by Guy Massry, MD & Amy Patel, MD. Facial Rejuvenation and Reshaping With Injectables by Jamil Asaria, MD.  
**Representative:** Carol Trower

**Quest Medical, Inc.** - Booth 407  
Quest Medical, Inc. manufactures LacriCATH® balloon catheters and accessories for DCP and DCR procedures. Quest’s LacriCATH balloon catheter has revolutionized the treatment of blocked tear ducts (chronic epiphora and nasolacrimal duct obstruction) in children and adults.  
**Representatives:** Ashleigh Pollock, Jonathan Herzog, and Stew Love

**Rohrer Aesthetics, LLC** - Booth 104  
Rohrer Aesthetics provides lasers, IPL and RF Micro-needling systems at AFFORDABLE prices. The Spectrum multi-platform system includes 4-lasers, and an IPL and is priced under $55,000. The Phoenix CO2 Laser is designed for skin resurfacing is priced under $35,000. The PiXel8-RF, Radio Frequency Micro-needling system can be placed in your office for $12,500.  
**Representatives:** Scott Price and Kevin Fly

**Rose Micro Solutions** - Booth 500  
Rose Micro Solutions sells High Quality Optical Loupes & LED Lighting for Less! Our Loupes start at $279.00. We are a “Family” Business consisting of 4 Brothers. We named the company after our mother “ROSE”. Stop by Booth 500 to see our “NEW” Line of TTL Loupes, you’ll love the Optics! Visit us online @ www.rosemicrosolutions.com or call us @ 716-608-0009, see you in Chicago!  
**Representatives:** Mark Overhoff and Alan Overhoff

**Scottlab Pathology** - Booth 107  
Quality pathology services for the oculofacial practice.  
**Representatives:** Scott Kilcoyne and Eric Solans, MD

**SENTÉ** - Booth 202  
SENTÉ® is a physician dispensed skin care company.  
**Representatives:** Amy Haber, Amanda Addington, and Maria Zucchero

**Skinuva Scar** - Booth 001  
Skinuva Scar is the first scar cream to use highly selective growth factors in its formula. It has been clinically tested and proven to work up to 73% better than traditional scar creams.  
**Representatives:** Christopher Zoumalan, MD and Kaitlin Greer

**Sontec Instruments Inc.** - Booth 101  
Exceptional selection of hand held surgical instruments.  
**Representatives:** Dennis Scanlan and Johann Scanlan

**Stryker** - Booths 403, 405  
Stryker is one of the world’s leading medical technology companies and, together with its customers, is driven to make healthcare better. The company offers innovative products and services that help improve patient and hospital outcomes. Together, with 3D Systems, we are advancing personalized surgery for the craniomaxillofacial specialty.  
**Representatives:** Mary Appelgren, Scott Lawrence, Grant Bimmer, Arden McDonough, Chantelle Cooper, Jonathan Maat and Catherine Harpham

**Wolters Kluwer Health** - Booth 506  
Wolters Kluwer Health is a leading global provider of information and point of care solutions for the healthcare industry. Our solutions are designed to help professionals build clinical competency and improve practice so that healthcare organizations can succeed in value-based care delivery models. Product solutions include Lippincott®, Ovid®, and UpToDate®.  
**Representatives:** Scott Stewart, Meredith Edelman, and Liz Perill

**Zero Gravity Skin** - Booth 205  
Zero Gravity is a wholesaler of LED medical devices.  
**Representatives:** Lea Kendil and Amir Fix

2018-2020 FELLOW: Austin Pharo, MD

Julian D. Perry, MD
Cleveland Clinic Cole Eye Institute
Cleveland, OH
2018-2020 FELLOW: Brian Chon, MD

Stuart R. Seiff, MD, FACS
Pacific Center for Oculofacial and Aesthetic Plastic Surgery
California Pacific Medical Center and University of California - San Francisco
San Francisco, CA
FACULTY: Eve Moscato, MD;
Gary Aguilar, MD;
Devron Char, MD;
Rona Silkiss, MD;
James Newman, MD (Associated);
Robert Kersten, MD (Associated);
Reza Vagefi, MD (Associated)
2018-2020 FELLOW: Isaiah Giese, MD

Pete Setabutr, MD
University of Illinois
Chicago, IL
2018-2020 FELLOW: Chau Pham, MD

Mary A. Stefanyszyn-Woldin, MD
Wills Eye Institute
Philadelphia, PA
2018-2020 FELLOW:
Maximilian Padilla, MD

David T. Tse, MD, FACS
Bascom Palmer Eye Institute
Miami, FL
2018-2020 FELLOW:
Michelle Wilson Latting, MD

Timothy S. Wells, MD
Medical College of Wisconsin Eye Institute
Milwaukee, WI
FACULTY: Gerald Harris, MD, FACS;
Neda Esmaili, MD;
Gregory Griepentrog, MD
2018-2020 FELLOW: Thomas Clark, MD

Ralph E. Wesley, MD
Vanderbilt University
Nashville, TN
2018-2020 FELLOW: Sara Reggie, MD

Ted H. Wojno, MD
Emory University
Atlanta, GA
2018-2020 FELLOW: Krishna Patel, MD

Michael T. Yen, MD
Cullen Eye Institute
Baylor College of Medicine
Houston, TX
FACULTY: Richard Allen, MD;
Milton Boniuk, MD;
Deborah Shetler, MD
2018-2020 FELLOW: Adam Sweeney, MD

INTERNATIONAL FELLOWSHIP PROGRAMS

Bobby S. Korn, MD, PhD, FACS
Shiley Eye Center Division of Oculofacial Plastic and Reconstructive Surgery
University of California, San Diego
San Diego, CA
2018-2020 FELLOW: Zvi Gur, MD

Wendy W. Lee, MD
Bascom Palmer Eye Institute
Miami, FL
2018-2020 FELLOW:
Apostolos Anagnostopoulos, MD

Geoffrey J. Gladstone, MD
 Consultants in Ophthalmic & Plastic Surgery, P.C.
Southfield, MI

Wolters Kluwer and *Ophthalmic Plastic and Reconstructive Surgery* are undertaking a pilot program to provide CME credit to readers. Articles will be selected by the Editor-in-Chief, Jonathan Dutton, MD, PhD.

Program highlights:

- Articles will be available online at [www.op-rs.com](http://www.op-rs.com).
- Participants will be asked to answer 4 to 5 test questions.
- A score of at least 70% will be required to earn 1 CME credit for each article.
- Readers will be able to retake the test as often as necessary to achieve the 70% goal.
- The CME certificate will be available immediately to download and print.

The new CME program will launch in the new year. Check for updates at [www.op-rs.com](http://www.op-rs.com).
Reciprocal Societies

ASOPRS recognizes international societies of oculofacial plastic surgery as Reciprocal Societies of ASOPRS when the societies have specific requirements related to the practice of oculofacial plastic surgery for membership and conduct an annual meeting with primary emphasis on oculofacial plastic surgery to which ASOPRS members are invited to attend. Becoming a Reciprocal Society also allows members of that society to apply as International Associate Members of ASOPRS on Pathway A of the ASOPRS international associate membership process.

ASOPRS is pleased to share a Reciprocal Society relationship with the following societies:

- Asia Pacific Society of Ophthalmic Plastic & Reconstructive Surgery (APSOPRS)
- Asociación Colombiana de Cirugía Plastica Ocular (ACPO)
- Australian and New Zealand Society of Ophthalmic Plastic Surgeons (ANZSOPS)
- Belgian Society of Ophthalmic Plastic and Reconstructive Surgery (BSOPRS)
- British Oculoplastic Surgery Society (BOPSS)
- European Society of Ophthalmic Plastic and Reconstructive Surgery (ESOPRS)
- Iranian Society of Ophthalmic Plastic & Reconstructive Surgery (IrSOPRS)
- Mexican Society of Oculoplastics
- Oculoplastics Society of India (OPAI)
- Sociedade Brasileira de Cirurgia Plástica Ocular (SBCPO)
Expert Insights You Can Apply to Your Practice

Your registration for Oculofacial Plastic Surgery Subspecialty Day includes:

- Flexibility to float among all Subspecialty Day meetings on Saturday.
- Access to the AAO 2018 exhibit hall on Saturday.

**Online registration still open – aao.org/2018**

Register online today and pick up your badge at Express Registration in Hall A when you arrive.

Program Directors:
Wendy W. Lee, MD
Richard C. Allen, MD, PhD

Andrea Kossler, MD, YASOPRS Chair
Nick Mahoney, MD, YASOPRS Committee
The American Society of Ophthalmic Plastic and Reconstructive Surgery (ASOPRS) was founded in 1969 to establish a qualified body of surgeons who have training and experience in the highly specialized field of oculofacial plastic surgery. ASOPRS has achieved this through their commitment to the advancement of education, research and the quality of clinical practice in the fields of aesthetic and reconstructive surgery specializing in the eyelids, orbits, lacrimal system and face. Today, the Society has over 600 national and international members.

To meet our mission, ASOPRS accredits and oversees post-graduate fellowships across the United States, training well qualified physicians in the field of oculofacial plastic surgery. ASOPRS presents an annual Fall Scientific Symposium prior to the AAO Subspecialty Day, as well as a Spring Meeting available to members only.

ASOPRS is an honorary society, with entry requirements including a 2-year Society-sponsored oculoplastics fellowship, oral and written examinations and approval of an original thesis. Other pathways to membership are available to those who did not complete an ASOPRS-accredited fellowship, and for international oculoplastics surgeons.
The Implant that Makes a Difference

INTEGRATED ORBITAL IMPLANTS, INC.

Original Implant  Coated Implant  Perforated Coated Implant

HYDROXYAPATITE ORBITAL IMPLANTS

• Natural Movement for Artificial Eyes
• Implant Becomes Completely Vascularized
• Successfully Used and Pegged Since 1985
